

(incorporated with limited liability in the Republic of France) as Issuer

€40,000,000,000 Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme described in this Base Prospectus (the “**Programme**”), ENGIE (“**ENGIE**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The Notes may be issued as senior unsecured notes (the “**Senior Notes**”) or as dated or undated deeply subordinated notes (the “**Subordinated Notes**”), as specified in the relevant Final Terms. The aggregate nominal amount of Notes outstanding will not at any time exceed €40,000,000,000 (or the equivalent in other currencies). Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in euro, U.S. dollar, Japanese yen, Swiss franc, Sterling and in any other currency agreed between ENGIE and the relevant Dealers.

This Base Prospectus shall be in force for a period of one (1) year as of the date of its approval by the *Autorité des marchés financiers* (the “**AMF**”).

This document constitutes a base prospectus (the “**Base Prospectus**”) for the purposes of Article 8 of Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”) in respect of, and for the purposes of giving information with regard to, ENGIE and its fully consolidated subsidiaries taken as a whole (the “**Group**”), which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of ENGIE, the rights attaching to the Notes and the reason for the issuance and its impact on the ENGIE.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made to Euronext Paris for the period of twelve (12) months from the date of approval by the AMF of this Base Prospectus for Notes issued under the Programme to be admitted to trading on the regulated market of Euronext Paris and/or to the listing authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU of 15 May 2014, as amended, appearing on the list of regulated markets issued by the European Securities and Markets Authority (the “**ESMA**”) (a “**Regulated Market**”).

However, Notes may be issued under the Programme that are listed on other stock exchanges (whether on a Regulated Market or not) or are not admitted to trading. The relevant final terms (the “**Final Terms**”) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading and, if so, the relevant stock exchange.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note admitted to trading on a Regulated Market will be €100,000, and if the Notes are denominated in a currency other than euro, the equivalent amount in such currency, or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency. Notes may be issued either in dematerialised form (the “**Dematerialised Notes**”) or in materialised form (the “**Materialised Notes**”) as more fully described herein. Dematerialised Notes will at all times be in book-entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Materialised Notes will be in bearer form only and may only be issued outside France and the United States. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in connection with Materialised Notes. No interest will be payable on the Temporary Global Certificate. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the fortieth (40th) calendar day after the issue date of the Notes upon certification as to non U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as defined below) intended to be cleared through Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking S.A. (“**Clearstream**”), be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

With respect to the issue of Senior Notes only, the Programme has been rated BBB+ by S&P Global Ratings Europe Limited (“**S&P**”) and A- by Fitch Ratings Ireland Limited (“**Fitch**”) and the Senior Notes and short term notes of the Issuer under this Programme have been assigned a rating of Baa1 and P-2 respectively by Moody’s France SAS (“**Moody’s**”). As at the date of this Base Prospectus, ENGIE is rated Baa1/P-2 with stable outlook by Moody’s, BBB+ with stable outlook/A-2 by S&P and Fitch has assigned it a long-term issuer default rating of A- (stable outlook) and a short term issuer default rating of F1. Each of S&P, Moody’s and Fitch is established in the European Union and is registered under Regulation (EC) No 1060/2009 (as amended) (the “**CRA Regulation**”). Each of S&P, Moody’s and Fitch is included in the list of registered credit rating agencies published by the ESMA on its website (www.esma.europa.eu/credit-rating-agencies/cra-authorisation) in accordance with the CRA Regulation. Notes issued under the Programme may be unrated or rated differently from the current ratings of ENGIE. The relevant Final Terms will specify whether or not such credit ratings are (i) issued by a credit rating agency established in the European Union and registered under the CRA Regulation and/or (ii) issued or endorsed by a credit rating agency established in the United Kingdom and registered under CRA Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”) or certified under the UK CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The final terms of the Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

The Base Prospectus, the documents incorporated by reference therein, any supplement thereto and the relevant Final Terms will be available as described in the section entitled “Documents on Display” herein and in the relevant Final Terms.

Prospective investors should carefully review and consider the section of this Base Prospectus entitled “Risk Factors” prior to purchasing any Notes.

This Base Prospectus should be read and construed in conjunction with any supplement hereto and with any other documents incorporated by reference (see “Documents Incorporated by Reference”), each of which shall be incorporated in, and form part of this Base Prospectus in relation to any Series (as defined herein) of Notes, and should be read and construed together with the relevant Final Terms, the Base Prospectus and the Final Terms being together, the “Prospectus”.

No person is or has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (each as defined in “General Description of the Programme”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no adverse change in the affairs of the Issuer or those of the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or that of the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Other than in relation to the documents which are deemed to be incorporated by reference (see “Documents Incorporated by Reference”), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus, unless that information is incorporated by reference into the Base Prospectus, and has not been scrutinised or approved by the AMF.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (“MiFID II”); or (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014, as amended (the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the “UK”). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (“FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part

of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 3 August 2023 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under Commission Delegated Directive (EU) 2017/593 (the “MiFID II Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not an investment firm as defined by MiFID II and will not be a manufacturer in respect of any Notes issued under the Programme.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes issued under the Programme are “prescribed capital markets products” (as defined in the CMP Regulations 2018) and “Excluded Investment Products” (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers or the Arranger to subscribe for, or purchase, any Notes.

No action has been taken by the Issuer or the Dealers which would permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required other than in compliance with Article 1.4 of the Prospectus Regulation. Accordingly, no Notes may be offered or sold,

directly or indirectly, and neither this Base Prospectus nor any Final Terms or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) NOR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND INCLUDE NOTES IN BEARER FORM THAT ARE SUBJECT TO U.S. TAX LAW REQUIREMENTS. SUBJECT TO CERTAIN EXCEPTIONS, NOTES MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN THE SECURITIES ACT). FOR A DESCRIPTION OF CERTAIN RESTRICTIONS ON OFFERS AND SALES OF NOTES AND ON DISTRIBUTION OF THIS BASE PROSPECTUS, SEE “SUBSCRIPTION AND SALE”.

Neither this Base Prospectus nor any Final Terms constitutes an offer of, or an invitation by or on behalf of the Issuer, the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information or for any acts or omissions of the Issuer or any other person in connection with this Base Prospectus. Neither this Base Prospectus nor any other information incorporated by reference in this Base Prospectus is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any Final Terms or any other information incorporated by reference should subscribe for or purchase the Notes. In making an investment decision regarding the Notes, prospective investors must rely on their own independent investigation and appraisal of the Issuer, its business and the terms of the offering, including the merits and risks involved. For further details, see “**Risk Factors**” herein. The contents of this Base Prospectus or any Final Terms are not to be construed as legal, business or tax advice. Each prospective investor should subscribe for or consult its own advisers as to legal, tax, financial, credit and related aspects of an investment in the Notes. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. Payments of interest and other amounts under the Notes may also be subject to taxation. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the tax treatment of innovative financial notes such as the Notes. The tax impact on an individual Noteholder may differ from the situation for Noteholders generally. Potential investors are advised to ask for their own tax adviser’s advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor.

The consolidated financial statements of ENGIE for the years ended 31 December 2022 and 31 December 2023 have been prepared in accordance with International Financial Reporting Standards (“IFRS”) and endorsed by the European Union.

Credit ratings

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

As at the date of this Base Prospectus, ENGIE has been assigned the following long-term credit ratings/short-term credit ratings: Baa1/P-2 with stable outlook by Moody’s France SAS, BBB+ with stable outlook/A-2 by S&P Global Ratings Europe Limited and Fitch Ratings Ireland Limited has assigned it a long-term issuer default rating of A- (stable outlook) and a short term issuer default rating of F1.

Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes. Each prospective investor of Notes should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

A prospective investor may not rely on the Issuer, the Arranger or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Conflicts of Interest

All or some of the Dealers and their respective affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in or perform on behalf of the Issuer and any other entity of the Group investment, banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions or other transactions aiming at managing their exposure and/or their general market risk, (ii) deal or make market in the Notes issued under the Programme, (iii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iv) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers or their respective affiliates have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Where there is a lending relationship between the Issuer and one or several Dealers, all or part of the proceeds of an issue of Notes may, or may not, potentially be used to repay or reimburse all or part of such loans. Certain of the Dealers or their respective affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. The Dealers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the Calculation Agent, if any, for a Series of Notes and the Noteholders (including where a Dealer acts as a calculation agent), including with respect to certain discretionary determinations and judgments that such Calculation Agent may make pursuant to the Terms and Conditions of the Notes that may influence the amount receivable by the Noteholders during the term of the Notes and upon redemption of the Notes.

Legality of Purchase

Neither the Issuer, the Arranger, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Important notice relating to Inflation Linked Interest Notes

Inflation Linked Interest Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE, Eurostat or ONS, as the case may be, and the INSEE, Eurostat or ONS makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE, Eurostat or ONS, as the case may be, without regard to the Issuer or the Notes. The INSEE, Eurostat or ONS, as the case may be, is not responsible for and has not participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Interest Notes to be issued or in the determination or calculation of the interest payable under such Notes.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to the Inflation Indices. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Inflation Indices that is or may be material in the context of Inflation Linked Interest Notes. The issue of Inflation Linked Interest Notes will not create any obligation on the part of any such persons to disclose to the Noteholder or any other party such information (whether or not confidential).

Neither the current nor the historical level of the Inflation Index should be taken as an indication of future performance of such index during the term of any Inflation Linked Interest Notes.

Important notice relating to Green Bonds

Prospective investors should have regard to the information set out in the Issuer's Green Financing Framework (as defined in the "Use of Proceeds" section of the Base Prospectus), the Base Prospectus and the applicable Final Terms regarding the contemplated use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in the Green Bonds in connection with Eligible Green Projects (as defined in the "Use of Proceeds" section of the Base Prospectus) together with any other investigation such investor deems necessary.

In relation to Green Bonds, neither the Arranger nor any Dealer makes any representation as to the suitability of such Green Bonds, including the listing or admission to trading thereof on any dedicated "green" or other equivalently labelled segment of any stock exchange or securities market, to fulfil any green criteria required by any prospective investors. The Arranger and the Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria for selecting investments in Eligible Green Projects, any verification of whether the Eligible Green Projects meet such eligibility criteria, the monitoring of the use of proceeds of any Green Bonds, or the allocation of the proceeds (or an amount equal or equivalent thereto) by the Issuer to particular Eligible Green Projects. Prospective investors should refer to the Final Terms, the Issuer's website,

the Green Financing Framework and the Second Party Opinion (each as defined in section "Use of Proceeds") and any public reporting by or on behalf of the Issuer in respect of the application of the proceeds of any issue of Green Bonds for information. Any such Green Financing Framework and/or Second Party Opinion and/or public reporting will not form part of, nor be incorporated by reference in this Base Prospectus. No assurance or representation is given by the Issuer, any of the Dealers, the Arranger, or any other person as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) on the Green Financing Framework, or on any Green Bonds issued in connection with Eligible Green Projects. Any such opinion or certification neither is, nor should be deemed to be, a recommendation by the Issuer, the Dealers, the Arranger, or any other person to buy, sell or hold any such Green Bonds.

In addition, payments of principal and interest (as the case may be) on Green Bonds shall not depend on the performance of the Eligible Green Projects, nor on the achievement of any green, social or sustainable objectives.

None of the Arranger or the Dealers will verify or monitor the proposed use of proceeds of the Notes issued under the Programme.

Interest periods will be specified in the relevant Final Terms.

Fixed/Floating Rate Notes:

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

Benchmark Discontinuation:

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, but not in respect of €STR and SONIA, if a Benchmark Event occurs, then the Issuer shall use reasonable endeavours to appoint an Independent Adviser in accordance with Condition 5(c)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Senior Notes or Condition 5(d)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Subordinated Notes to determine a Replacement Reference Rate and any applicable Adjustment Spread. See Condition 5(c)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Senior Notes or Condition 5(d)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Subordinated Notes, as relevant, for further information.

Redemption:

The relevant Final Terms will specify which redemption option(s) will apply with respect to each particular Series of Notes and the basis for calculating the redemption amounts payable in each case.

Withholding tax:

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied,

collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. If such a withholding or deduction is required, the Issuer will have to gross-up its payments to the fullest extent then permitted by law and subject to certain exceptions.

Rating:

With respect to the issue of Senior Notes only, the Programme (as defined below) has been rated BBB+ by S&P Global Ratings Europe Limited (“**S&P**”) and A- by Fitch Ratings Ireland Limited (“**Fitch**”) and the Senior Notes and short term notes of the Issuer under this Programme have been assigned a rating of Baa1 and P-2 respectively by Moody’s France SAS (“**Moody’s**”).

ENGIE is currently rated Baa1/P-2 with stable outlook by Moody’s and BBB+ with stable outlook/A-2 by S&P and Fitch has assigned it a long-term issuer default rating of A- (stable outlook) and a short term issuer default rating of F1.

Each of S&P, Moody's and Fitch is established in the European Union and is registered under Regulation (EC) No 1060/2009, as amended (the “**CRA Regulation**”). Each of S&P, Moody’s and Fitch is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation.

Notes issued pursuant to the Programme may be unrated or rated differently from the current ratings of ENGIE. The relevant Final Terms will specify whether or not such credit ratings are (i) issued by a credit rating agency established in the European Union and registered under the CRA Regulation and/or (ii) issued or endorsed by a credit rating agency established in the United Kingdom and registered under CRA Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”) or certified under the UK CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

No offer to retail investors:

The Notes shall not be offered to retail investors in France, in the United Kingdom and/or in any other Member State of the EEA.

Governing Law:

The Notes and all non-contractual obligations arising out of or in connection with them, are governed by French law.

PROVISIONS APPLICABLE TO SENIOR NOTES ONLY

Status of the Senior Notes: The Senior Notes will constitute unconditional, unsubordinated and (subject to the provisions of the paragraph “Negative pledge” below) unsecured obligations of the Issuer and will rank *pari passu* without preference or priority among themselves and (save for certain obligations required to be preferred by law) equally and rateably with all other present or future unsecured and unsubordinated obligations, indebtedness and guarantees of the Issuer.

Negative Pledge: So long as any of the Senior Notes or, if applicable, any receipts or coupons relating to them, remains outstanding, the Issuer [or, as the case may be, the Guarantor,] will not grant any mortgage (*hypothèque*), pledge or other form of security interest (*sûreté réelle*) which is not created over cash on any of its present or future tangible assets, intangible assets or revenues in each case for the benefit of holders of its other negotiable bonds, notes or debt securities [or, in the case of the Guarantor, for the benefit of other holders of negotiable bonds, notes or debt securities it guarantees, and in each case] having an original maturity of more than one (1) year, which are, or which are capable of being, quoted, listed, or ordinarily dealt with on any stock exchange, without granting the same ranking security to the Senior Notes.

None of the above shall prevent the Issuer [or, as the case may be, the Guarantor,] from securing any present or future indebtedness for the benefit of holders of other negotiable bonds, notes or debt instruments [or, in the case of the Guarantor, for the benefit of other holders of negotiable bonds, notes or debt securities it guarantees, and in each case] which are, or are capable of being, quoted, listed, or ordinarily dealt with on any stock exchange, where such indebtedness is incurred for the purpose of, and the proceeds thereof are used in, (i) the purchase of an asset and such security is provided over or in respect of such asset or (ii) the refinancing of any indebtedness incurred for the purpose of (i) above, provided that the security is provided over or in respect of the same asset.

Cross acceleration: The Senior Notes may become due and payable at their principal amount together with any accrued interest thereon if (i) the Issuer or the Guarantor, as the case may be, shall fail to make one or more payments when due or within any applicable grace period on any indebtedness for money borrowed or guarantee of the indebtedness for money borrowed of another party in an aggregate principal amount of at least Euro 250,000,000 (or, in each case, the equivalent in another currency) and (ii) (other than where the due date for such defaulted payment is the stated maturity) such indebtedness shall have been accelerated.

Events of Default: The terms and conditions of the Senior Notes contain events of default provisions as provided in Condition 9 (*Events of Default*) of the Terms and Conditions of the Senior Notes.

Maturities: Subject to compliance with all relevant laws, regulations and directives, Senior Notes will have maturities specified in the applicable Final Terms, from one month from the date of original issue.

Zero Coupon Notes:	Senior Notes issued as Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.
Inflation Linked Interest Notes:	Inflation Linked Interest Notes may be issued by the Issuer where the interest in respect of such Senior Notes will be calculated by reference to an inflation index ratio derived from either (i) the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the <i>Institut National de la Statistique et des Etudes Economiques</i> , (ii) the harmonised index of consumer prices excluding tobacco, or the relevant successor index, measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat, (iii) the U.K. Consumer Price Index (all items) published by the Office for National Statistics or (iv) the U.K. Retail Price Index (all items) published by the Office for National Statistics or the relevant successor index.
Make-Whole Redemption at the option of the Issuer:	If so specified in the relevant Final Terms, in respect of any issue of Senior Notes, the Issuer may redeem the Senior Notes, in whole or in part, at any time or from time to time (but, if a Residual Maturity Call Option is specified in the relevant Final Terms, no later than the Residual Maturity Call Option Date specified in the relevant Final Terms), prior to their Maturity Date (as specified in the relevant Final Terms) at their Make-Whole Redemption Amount.
Residual Maturity Call Option:	If a Residual Maturity Call Option is specified in the relevant Final Terms in respect of any issue of Senior Notes, the Issuer may, at any time or from time to time, as from the Residual Maturity Call Option Date (as specified in the Final Terms) which shall be no earlier than a hundred and eighty (180) calendar days before the Maturity Date until the Maturity Date, redeem the Senior Notes, in whole or in part, at par together with interest accrued to, but excluding, the date fixed for redemption.
Optional redemption:	The Final Terms issued in respect of each issue of Senior Notes will state whether such Senior Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders and, if so, the terms applicable to such redemption.
Clean-up Call Option:	If so specified in the relevant Final Terms and if 75 per cent. or any other percentage above as specified in the relevant Final Terms (the “ Clean-up Call Percentage ”) of the initial aggregate nominal amount of Senior Notes of the same Series have been redeemed or purchased by, or on behalf of, the Issuer or any of its subsidiaries and, in each case, cancelled, the Issuer may, at its option, redeem the Senior Notes in whole but not in part at their Early Redemption Amount together with any interest accrued to, but excluding, the date set for redemption.
Put Option in case of Change of Control:	If a Put Option in case of Change of Control is specified in the relevant Final Terms, and if a Put Event occurs, each Noteholder will have the option to require the Issuer to redeem or repurchase all or part of the Senior Notes held by such Noteholder on the Put Date at their principal amount together with interest accrued up to but excluding such date of redemption or repurchase.

Redemption by instalments:	The Final Terms issued in respect of each issue of Senior Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Senior Notes may be redeemed.
Early redemption:	Except as provided in “Make-Whole Redemption at the option of the Issuer”, “Residual Maturity Call Option”, “Optional redemption” and “Clean-up Call Option” above, Senior Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons.
Substitution of the Issuer:	The Issuer may, at any time by way of novation or otherwise, transfer all (but not some only) of its rights, obligations and liabilities under the Senior Notes (including any further notes issued in accordance with Condition 14 (<i>Further Issues and Consolidation</i>) of the Terms and Conditions of the Senior Notes), Receipts and Coupons to a fully consolidated subsidiary of ENGIE or its successor at any time, subject to (except if such substituted Issuer is ENGIE) such obligations and liabilities being unconditionally and irrevocably guaranteed by ENGIE under an irrevocable and unconditional guarantee pursuant to an autonomous obligation (<i>garantie autonome</i>) of ENGIE, substantially in the form set out in the section entitled “Pro-forma of the Guarantee of ENGIE” of the Base Prospectus, and the Conditions shall thereupon apply to such substituted Issuer subject to certain conditions. References to “ Guarantor ” herein shall mean ENGIE, in its capacity as guarantor of Senior Notes if there is a substitution of the Issuer in accordance with Condition 16 (<i>Substitution of the Issuer</i>) of the Terms and Conditions of the Senior Notes.

PROVISIONS APPLICABLE TO SUBORDINATED NOTES ONLY

Status of the Subordinated Notes:	<p>The Subordinated Notes are deeply subordinated notes (“Deeply Subordinated Notes”) issued pursuant to the provisions of Article L.228-97 of the French <i>Code de commerce</i>. The principal and interest and other amounts (including Arrears of Interest and/or Additional Interest Amounts) of the Subordinated Notes constitute direct, unconditional, unsecured and the lowest ranking subordinated obligations (<i>engagements subordonnés de dernier rang</i>) of the Issuer and rank and will rank <i>pari passu</i> among themselves and (save for certain obligations required to be preferred by French law) equally and rateably with all other present or future Deeply Subordinated Notes, but subordinated to the <i>titres participatifs</i> issued by, and the <i>prêts participatifs</i> granted to, the Issuer, and Ordinary Subordinated Notes and Unsubordinated Notes of the Issuer.</p> <p>“Ordinary Subordinated Notes” means notes, the principal and interest of which constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and rank and will rank <i>pari passu</i> among themselves and (save for certain obligations required to be preferred by French law) <i>pari passu</i> with all other present or future Ordinary Subordinated Notes, behind Unsubordinated Notes but in priority to the <i>prêts participatifs</i> granted to, and the <i>titres participatifs</i> issued by the Issuer and Deeply Subordinated Notes.</p> <p>“Unsubordinated Notes” means notes, the principal and interest of which are unconditional, unsubordinated and unsecured obligations of the Issuer and</p>

rank and will rank *pari passu* without preference or priority among themselves and (save for certain obligations required to be preferred by French law) equally and rateably with all other present or future unsecured and unsubordinated indebtedness, obligations and guarantees of the Issuer.

Prohibition of set-off:

Subject to applicable law, no Noteholder may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer in respect of, or arising under or in connection with the Subordinated Notes and each Noteholder shall, by virtue of its holding of any Subordinated Note, be deemed to have waived all such rights of set-off, compensation or retention.

No Negative Pledge:

There will be no negative pledge in respect of the Subordinated Notes.

Enforcement Events, no Events of Default and no Cross Default:

There will be no events of default under the Subordinated Notes. There is no cross default under the Subordinated Notes.

However, each Subordinated Note shall become immediately due and payable at its principal amount, together with accrued interest thereon, if any, to the date of payment and any Arrears of Interest (including any Additional Interest Amounts thereon), in the event that a judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure, or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency). No payments will be made to holders of any class of the share capital of the Issuer before all amounts due, but unpaid, to all Noteholders have been paid by the Issuer.

Maturities:

Subject to compliance with all relevant laws, regulations and directives, dated Subordinated Notes will have maturities specified in the applicable Final Terms, from one month from the date of original issue.

Undated Subordinated Notes will have no fixed maturity date.

Interest Deferral:

Optional Interest Payment

If Optional Interest Payment is specified as applicable in the relevant Final Terms, interest which accrues during an Interest Period ending on but excluding an Interest Payment Date will be due on that Interest Payment Date unless the Issuer elects to defer such payment in whole or in part, and the Issuer shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the Issuer under the Subordinated Notes or for any other purpose.

Any interest in respect of the Subordinated Notes which has been deferred on an Interest Payment Date shall constitute “**Arrears of Interest**”.

Payment of Arrears of Interest

Arrears of Interest (together with any Additional Interest Amount (as defined below)) may at the option of the Issuer be paid in whole or in part at any time,

provided that all Arrears of Interest (together with the corresponding Additional Interest Amounts) in respect of all Subordinated Notes for the time being outstanding shall become due and payable in whole, but not in part, on whichever is the earliest of:

- (i) ten (10) Business Days following the occurrence of a Mandatory Payment Event;
- (ii) the next scheduled Interest Payment Date in respect of which the Issuer does not elect to defer all or part of the interest accrued in respect of the relevant Interest Period;
- (iii) the date on which the Subordinated Notes are redeemed; or
- (iv) the date upon which a judgment is made for the voluntary or judicial liquidation of the Issuer (*liquidation judiciaire* or *liquidation amiable*) or the sale of the whole of the business (*cession totale de l'entreprise*) of the Issuer or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency).

Each amount of Arrears of Interest shall bear interest, in accordance with Article 1343-2 of the French *Code civil*, as if it constituted the principal of the Subordinated Notes at a rate which corresponds to the rate of interest from time to time applicable to the Subordinated Notes (the “**Arrears Interest Rate**”) and the amount of such interest (the “**Additional Interest Amount**”) with respect to Arrears of Interest shall be due and payable pursuant to this paragraph and shall be calculated by the Calculation Agent applying the Arrears Interest Rate to the amount of the Arrears of Interest and otherwise *mutatis mutandis* as provided in the Terms and Conditions of the Subordinated Notes.

The Additional Interest Amount accrued up to any Interest Payment Date shall be added in accordance with Article 1343-2 of the French *Code civil*, for the purpose only of calculating the Additional Interest Amount accruing thereafter, to the amount of Arrears of Interest remaining unpaid on such Interest Payment Date so that it will itself become Arrears of Interest.

Optional Partial Payment of Arrears of Interest and Additional Interest Amounts:

If amounts in respect of Arrears of Interest and Additional Interest Amounts are paid in part:

- (i) all unpaid amounts of Arrears of Interest shall be payable before any Additional Interest Amounts;
- (ii) Arrears of Interest accrued for any period shall not be payable until full payment has been made of all Arrears of Interest that have accrued during any earlier period and the order of payment of Additional Interest Amounts shall follow that of the Arrears of Interest to which they relate; and

- (iii) The amount of Arrears of Interest or Additional Interest Amounts payable in respect of any of the Subordinated Notes in respect of any period, shall be pro rata to the total amount of all unpaid Arrears of Interest or, as the case may be, Additional Interest Amounts accrued on the Subordinated Notes in respect of that period to the date of payment.

For the purpose hereof:

“**Equity Securities**” means (a) the ordinary shares (*actions ordinaires*) of the Issuer and (b) any other class of the Issuer’s share capital (including preference shares (*actions de préférence*)).

A “**Mandatory Payment Event**” means that:

- (i) a dividend, other distribution or payment of any nature was validly declared, paid or made in respect of any Equity Securities or any Parity Securities of the Issuer; or
- (ii) the Issuer has repurchased, redeemed, or otherwise acquired any Equity Securities or any Parity Securities of the Issuer other than, with respect to Equity Securities, in connection with the satisfaction by the Issuer of its obligations under any buy-back programme, employee shareholding programmes (including any share purchase option plan), or free share allocation plan reserved for directors, officers and/or employees of the Issuer’s group, shares sold to employees through the Issuer savings funds, liquidity agreement (*programme de liquidité*) or any associated hedging transaction;

save for, in each case, any compulsory dividend, other distribution, payment, repurchase, redemption or other acquisition required by the terms of such securities; and in the case of Parity Securities, any repurchase or other acquisition that was made below par.

Resettable Notes:

In respect of Subordinated Notes issued as Resettable Notes, the interest rate shall be a fixed interest rate resettable at different reset dates as specified in the relevant Final Terms.

Mid-Swap Rate Discontinuation:

With respect to the Resettable Notes, if a Mid-Swap Benchmark Event occurs in relation to an Original Mid-Swap Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser to determine a Successor Mid-Swap Rate, failing which an Alternative Mid-Swap Rate and, in either case, a Mid-Swap Adjustment Spread, if any and any Mid-Swap Benchmark Amendments. See Condition 5(c)(ii) (*Mid-Swap Rate Discontinuation*) of the Terms and Conditions of the Subordinated Notes for further information.

If an Optional Redemption is specified in the relevant Final Terms as applicable, the Issuer will have the right to redeem, or exercise any Issuer’s option (as may be described), in whole but not in part, the Subordinated Notes on any Optional Redemption Date or on any date during any Residual Redemption Period, each as specified in the relevant Final Terms. Any such

redemption of Subordinated Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption and Arrears of Interest (including any Additional Interest Amounts thereon).

Make-Whole Redemption at the option of the Issuer:

If so specified in the relevant Final Terms, in respect of any issue of Subordinated Notes, the Issuer may redeem the Subordinated Notes, in whole but not in part, at any time other than during any Residual Redemption Period (if any) and/or on any Par Call Date, at their Make-Whole Redemption Amount.

Early Redemption following a Gross-Up Event:

If a Gross-Up Event occurs, the Issuer may at any time, redeem all of the Subordinated Notes (but not some only) at their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding or deduction for French taxes.

Early Redemption following a Withholding Tax Event:

If a Withholding Tax Event occurs, notwithstanding the undertaking to pay Additional Amounts, the Issuer may at any time redeem all of the Subordinated Notes (but not some only) at their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Subordinated Notes without withholding or deduction for French taxes, or, if such date is past, as soon as practicable thereafter.

Early Redemption following a Tax Deductibility Event:

If a Tax Deductibility Event occurs, the Issuer may, at its option, at any time redeem all of the Subordinated Notes (but not some only) at the Early Redemption Amount, provided that the effective date of redemption of which notice hereunder may be given shall be no earlier than the latest practicable date preceding the effective date on which the tax regime of interest payments under the Subordinated Notes is modified.

If a Capital Event shall occur after the Issue Date, the Issuer may at its option redeem all of the Subordinated Notes (but not some only) at any time at the Early Redemption Amount, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the last day before the date on which the Subordinated Notes will (or would) no longer be eligible for the same or higher category of equity credit.

Clean-up Call Option:

If a Clean-up Call Option is specified in the relevant Final Terms as applicable, in the event that at least seventy-five (75) per cent. or any other percentage above as specified in the relevant Final Terms (“**Clean-up Call Percentage**”) of the initial aggregate principal amount of the Subordinated Notes of the same Series has been purchased by the Issuer, the Issuer may, at its option, at any time, redeem all of the outstanding Subordinated Notes (but not some only) at

their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon).

The Issuer may at any time purchase Subordinated Notes together with rights to interest and any other amounts relating thereto in the open market or otherwise at any price subject to applicable laws and regulations.

2 Risk Factors Relating to the Notes

The following paragraphs describe some of the risk factors that are material to the Notes to be admitted to trading in order to assess the market risk associated with these Notes.

Terms defined herein shall have the same meaning as in the relevant Terms and Conditions of the Notes.

2.1 Risks Relating to the trading market of the Notes

Market Value of the Notes

Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market (as the case may be and if a request for the notification of a certificate of approval has been made). Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer, and/or that of the Group and a number of additional factors, including, but not limited to, the volatility of an index, market interest and yield rates and the time remaining to the maturity date. If the creditworthiness of the Issuer deteriorates, (i) the Issuer may not be able to fulfil all or part of its payment obligations under the Notes and (ii) the value of the Notes may decrease, and Noteholders may lose all or part of their investment.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and Euronext Paris and/or any other Regulated Market (as the case may be and if a request for the notification of a certificate of approval has been made) or stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder.

Liquidity Risks/Trading Market for the Notes

Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market (as the case may be and if a request for the notification of a certificate of approval has been made). The Notes may not have an established trading market when issued. A secondary market for the Notes may not develop or, if one develops, there may be no continued liquidity of such market. The absence of liquidity may have a significant material adverse effect on the value of the Notes.

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, the financial condition, the creditworthiness of the Issuer and/or the Group, and the value of any applicable reference rate, as well as other factors such as the complexity and volatility of the reference rate, the method of calculating the return to be paid in respect of such Notes, the time remaining to the maturity of the Notes, the outstanding amount of the Notes, any redemption features of the Notes as specified in Condition 6 (*Redemption, Purchase and Options*) of the Terms and Conditions of the Senior Notes or Condition 6 (*Redemption, Purchase and Options*) of the Terms and Conditions of the Subordinated Notes, as applicable, direction and volatility of interest rates generally. Such factors also will affect the market

value of the Notes. In addition, certain Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities.

Noteholders may not be able to sell Notes readily or at prices that will enable Noteholders to realise their anticipated yield. This could have a material adverse impact on the Noteholders and, as a result, Noteholders could lose all or part of their investment in the Notes.

Exchange Rate Risks and Exchange Controls

The Issuer will pay principal and interest on the Notes in the Specified Currency specified in the relevant Final Terms. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “**Investor's Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities have imposed from time to time, and may in the future impose, exchange controls that could adversely affect exchange rates, as well as the availability, of the specified currency in which a Note is payable at the time of payment of the principal or return in respect of such Note. As a result, Noteholders may receive less interest or principal than expected, or no interest or principal. This may result in a significant loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

2.2 Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Series of Notes may carry varying risks for Noteholders depending on the specific features of such Notes such as, *inter alia*, the provisions for computation of periodic interest payments, if any, redemption and issue price.

2.2.1 Interest rate risks relating to Senior Notes and Subordinated Notes

Fixed Rate Notes

Condition 5(b) (*Interest on Fixed Rate Notes*) of the Terms and Conditions of the Senior Notes and Condition 5(b) (*Interest on Fixed Rate Notes*) of the Terms and Conditions of the Subordinated Notes allow for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the market value of the relevant Series of Notes. In particular, a Noteholder, which pays interest at a fixed rate, is exposed to the risk that the market value of such Note could fall as a result of changes in the market interest rate. While the nominal interest rate of the fixed rate Notes is fixed during the term of such Notes, the current interest rate on the capital markets (“**market interest rate**”) typically varies on a daily basis. As the market interest rate changes, the market value of the Fixed Rate Notes would typically change in the opposite direction. If the market interest rate increases, the market value of the Fixed Rate Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Notes would typically increase, until the yield of such Notes is approximately equal to the market interest rate. The degree to which the market interest rate may vary presents a significant risk to the market value of the Notes if a Noteholder were to dispose of the Notes.

Floating Rate Notes

Condition 5(c) (*Interest on Floating Rate Notes and Inflation Linked Interest Notes*) of the Terms and Conditions of the Senior Notes and Condition 5(d) (*Interest on Floating Rate Notes*) of the Terms and Conditions of the Subordinated Notes allow for Floating Rate Notes to be issued. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such reference rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. These reference rates are not pre-defined for the lifespan of the Notes. Higher reference rates mean a higher interest under the Notes and lower reference rates mean a lower interest under the Notes. The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may have a significant negative impact on the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

Fixed/Floating Rate Notes

Condition 5(d) (*Fixed/Floating Rate Notes*) of the Terms and Conditions of the Senior Notes and Condition 5(e) (*Fixed/Floating Rate Notes*) of the Terms and Conditions of the Subordinated Notes allow for Fixed/Floating Rate Notes to be issued. Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate or (ii) that will automatically change from a fixed rate to a floating rate, or from a floating rate to a fixed rate on the date set out in the relevant Final Terms. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes and any such volatility may have a significant adverse effect on the market value of the Notes.

Notes issued at a substantial discount or premium

The relevant Final Terms of a Tranche of Notes will specify the relevant issue price. The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Therefore, holders of Notes issued at a substantial discount or premium could be exposed to greater losses on their investment than holders of conventional interest-bearing securities.

Notes indexed on CMS rates of two different maturities

Condition 5(c)(iii)(B)(d) of the Terms and Conditions of the Senior Notes and Condition 5(d)(iii)(B)(d) of the Terms and Conditions of the Subordinated Notes allow for Floating Rate Notes indexed on CMS rates of two different maturities to be issued. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate or in the case of CMS linked interest, one or two (2) CMS reference rates, which may be added, subtracted or multiplied, and/or factored and (ii) a margin to be added or subtracted, as the case may be, from such base rate(s). There will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rates (e.g., every three months or six months). Accordingly, the market value of such Notes may be volatile if changes to the reference rates can only be reflected in the interest rate of these Notes upon the next periodic adjustment of

the relevant reference rate. The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of the Notes.

Reform of EURIBOR and regulation of other "benchmarks"

In accordance with the provisions of Condition 5 (*Interest and other Calculations*) of the Terms and Conditions of the Senior Notes and Condition 5 (*Interest and other Calculations*) of the Terms and Conditions of the Subordinated Notes, the Rate of Interest in respect of the Floating Rate Notes may be determined by reference to Reference Rates that constitute benchmarks for the purposes of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (as amended, the "**Benchmarks Regulation**"). The Benchmarks Regulation applies to the provision of "benchmarks", the contribution of input data to a "benchmark" and the use of a "benchmark" within the EU. The Benchmarks Regulation introduced a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring on the Commission or competent national authorities the power to designate a statutory replacement for certain benchmarks, resulting in such benchmarks being replaced in contracts and financial instruments that have not been renegotiated before the date of cessation of the relevant benchmarks and contain either no contractual replacement (or so-called "**fallback provision**") or a fallback provision which is deemed unsuitable by the Commission or competent national authorities. In addition, the transitional provisions applicable to third-country benchmarks have been further extended until the end of 2025 by Commission Delegated Regulation (EU) 2023/2222 of 14 July 2023.

The Benchmarks Regulation, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of "benchmarks" (or, if non-EU-based, to be subject to equivalent requirements) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised/registered (or, if non-EU-based, deemed equivalent or recognised or endorsed).

Notwithstanding the provisions of Condition 5(c)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Senior Notes and Condition 5(d)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Subordinated Notes which seek to offset any adverse effects for the Noteholders, the Benchmarks Regulation could have an adverse effect on the market value and return of any Notes linked to a rate or index deemed to be a "benchmark", in particular if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the "benchmark".

In the event of the occurrence of a Benchmark Event, modifications could be made to the Terms and Conditions of the Notes to implement the changes required by determining an alternative benchmark and, if applicable, adjustment spread, without the consent of the Noteholders in accordance with Condition 5(c)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Senior Notes and Condition 5(d)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Subordinated Notes (see also "*Risks Relating to a Benchmark Event*" below). Accordingly, the application of an adjustment spread and/or the use of an alternative benchmark may result in the Notes performing differently (which may include payment of a lower interest rate) than they would do if the Original Reference Rate were to continue to apply in its initial form.

More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the following effects on certain “benchmarks” (i) discourage market participants from continuing to administer or contribute to certain “benchmarks”, (ii) trigger changes in the rules or methodologies used in certain “benchmarks” or (iii) lead to the disappearance of certain “benchmarks”.

Any of the foregoing changes and their potential consequences, as a result of international, national or other reforms, or investigations, could have a material adverse effect on the value of, and return on, any Notes linked to or referencing such “benchmarks”.

Risks Relating to a Benchmark Event

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, but not in respect of €STR and SONIA, pursuant to Condition 5(c)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Senior Notes and Condition 5(d)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Subordinated Notes, if the Issuer determines at any time prior to, on or following any Interest Determination Date that a Benchmark Event has occurred, the Issuer shall use reasonable endeavours to appoint (at its own cost) an Independent Adviser (as defined in Condition 5(c)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Senior Notes and Condition 5(d)(iii)(C) (*Benchmark Discontinuation*) of the Terms and Conditions of the Subordinated Notes). The Independent Adviser shall endeavour to determine a successor or replacement rate, and, acting in good faith, in a commercially reasonable manner to make necessary changes to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the replacement rate, including any adjustment factor needed to make such replacement rate comparable to the relevant reference rate.

Such replacement rate will (in the absence of manifest error) be final and binding, and no consent of the Noteholders shall be required in connection with effecting any replacement rate, any other related adjustments and/or amendments to the Terms and Conditions of the Notes (or any other document) which are made in order to effect such replacement rate.

The replacement rate may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure, which could have an impact on the marketability and the liquidity of the Notes. In addition, given the uncertainty concerning the availability of a replacement rate and the involvement of an agent, the fallback provisions may not operate as intended at the relevant time and the replacement rate may perform differently from the Original Reference Rate. Any adjustment factor applied to the Notes may not adequately compensate such impact. This could in turn have a negative effect on the rate of interest on and trading value of the Notes.

If the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser is unable to determine a replacement rate for any Interest Determination Date, no replacement rate or any other successor, replacement or alternative benchmark or screen rate will be adopted and the Original Reference Rate for the relevant Interest Period will be equal to the last Original Reference Rate available on the Screen Page as determined by the Calculation Agent. This could result in the effective application of a fixed rate to the Notes. As a consequence, the Noteholders may receive less than they would have received in the absence of a Benchmark Event.

2.2.1 Risks relating to the Senior Notes only

Optional Redemption Risk relating to Senior Notes

The Final Terms for a particular Series of Senior Notes may provide for early redemption at the option of the Issuer, in whole or in part, or in whole but not in part, as the case may be, under a make-whole call option as provided in Condition 6(c) (*Make-Whole Redemption by the Issuer*), a call option as provided in Condition 6(e) (*Redemption at the Option of the Issuer*), a residual maturity call option as provided in Clause 6(d) (*Residual*

Maturity Call Option) or a clean-up call option as provided in Condition 6(j) (*Clean-up Call Option*) of the Terms and Conditions of the Senior Notes.

Any optional redemption feature where the Issuer is given the right to redeem the Notes early might negatively affect the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. Furthermore, since the Issuer may be expected to redeem the Notes when prevailing interest rates are relatively low, a Noteholder might not be able to reinvest the redemption proceeds at an effective interest rate as high as the return that would have been received on such Notes had they not been redeemed.

If the market interest decrease, the risk to Noteholders that the Issuer will exercise its early redemption option increases. As a consequence, the yields received upon redemption may be lower than expected, and the redemption amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a result, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

In particular, with respect to the Clean-up Call Option, there is no obligation under the Condition 6(k) (*Clean-up Call Option*) of the Terms and Conditions of the Senior Notes for the Issuer to inform Noteholders if and when the Clean-up Call Percentage (specified in the relevant Final Terms) has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Senior Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

Moreover, with respect to the make-whole call option as provided in Condition 6(c) (*Make-Whole Redemption by the Issuer*) of the Terms and Conditions of the Senior Notes, the Issuer shall give notice to the Noteholders in accordance with Condition 15 (*Notices*) of the Terms and Conditions of the Senior Notes of its decision to exercise its make-whole option and such notice shall (i) specify the date fixed for redemption, (ii) specify the refinancing conditions to which the redemption is subject (if any) and (iii) be otherwise irrevocable. Should the refinancing condition, if applicable, not be satisfied, the notice of exercise of the make-whole option by the Issuer will be revoked and the Notes will not be redeemed, which may have a negative impact on the Noteholders as the market price of the Notes is likely to fall below the expected Make-Whole Redemption Amount.

The Make-Whole Redemption by the Issuer, the Residual Maturity Call Option, the Redemption at the Option of the Issuer and the Put Option or the Put Option in case of Change of Control are exercisable in whole or in part in respect of Senior Notes and exercise of any such option in part only may affect the liquidity of the Series of Senior Notes in respect of which such option is not exercised

The Make-Whole Redemption by the Issuer provided in Condition 6(c) (*Make-Whole Redemption by the Issuer*), the Residual Maturity Call Option provided in Condition 6(d) (*Residual Maturity Call Option*) and the Redemption at the Option of the Issuer provided in Condition 6(e) (*Redemption at the Option of the Issuer*) of the Terms and Conditions of the Senior Notes are exercisable in whole or in part.

If the Issuer decides to redeem the Senior Notes in part, such partial redemption may be effected, either by (i) application of a pool factor (corresponding to a reduction of the nominal amount of all such Senior Notes in proportion to the aggregate nominal amount redeemed), in case of Dematerialised Notes or (ii) redeeming in full only some of the Senior Notes, in case of Materialised Notes.

The Issuer could also be compelled to redeem the Senior Notes (i) if the Noteholders decide to exercise their Put Option (if specified in the relevant Final Terms) (as defined in Condition 6(f) (*Redemption at the Option of the*

Noteholders and Exercise of the Noteholders' Options) of the Terms and Conditions of the Senior Notes) or (ii) if the Noteholders decide to exercise their Put Option in case of Change of Control (if specified in the relevant Final Terms) and if a Change of Control (as defined in Condition 6(n) (*Redemption or purchase at the option of the Noteholders in case of Change of Control*) of the Terms and Conditions of the Senior Notes) were to occur. In such cases, if the Noteholders were to require from the Issuer the redemption of their Notes, the Issuer may not be able to pay the whole required amount. The Issuer's capacity to redeem the Notes will in particular depend on its financial situation at the time of the redemption and may be limited by any applicable legislation, by the conditions of its indebtedness and also by any new financings in place at that date and which shall replace, add or modify the existing or future debt of the Issuer. Furthermore, the Issuer's failure to redeem the Senior Notes may result in an Event of Default (as defined in Condition 9 (*Events of Default*) of the Terms and Conditions of the Senior Notes) or of other indebtedness of the Issuer.

Depending on the proportion of the principal amount of all of the Senior Notes so reduced, in case of Dematerialised Notes redeemed in part at the option of the Issuer or the number of Senior Notes redeemed, in case of Dematerialised Notes redeemed at the option of the Noteholders or in case of Materialised Notes, any trading market in respect of those Senior Notes in respect of which such option is not exercised may become illiquid.

The Issuer may be substituted by another entity with respect to Senior Notes

The Terms and Conditions of the Senior Notes provide that the Issuer may, without the consent of the Noteholders and without regard to the interests of particular Noteholders, agree to the substitution of another company as the principal obligor under any Senior Note in place of the Issuer, subject to the conditions set out in Condition 16 (*Substitution of the Issuer*) of the Terms and Conditions of the Senior Notes. The identity or creditworthiness of the substitute entity may not be anticipated and the Issuer will not be required to have regard to any interests arising from the circumstances particular to any Noteholder with regard to or arising from any such substitution. The substitution is conditional, without limitation, on ENGIE guaranteeing the performance of the substitute's obligations under the Senior Notes pursuant to a guarantee the form of which is set out on pages 105 to 106 of this Base Prospectus, and the Issuer complying with the rules of any stock exchange (or any relevant authority) on which the Senior Notes are for the time being listed or admitted to trading, including by publishing any prospectus, amendment, listing particulars or offering memorandum in connection therewith. Should the creditworthiness of ENGIE deteriorate, the value of the Senior Notes may decrease, and Noteholders may lose all or part of their investment.

Zero Coupon Notes

Condition 5(e) (*Zero Coupon Notes*) of the Terms and Conditions of the Senior Notes allows for Zero Coupon Notes to be issued. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Therefore, in similar market conditions the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have a significant adverse effect on the market value of the Notes.

Inflation Linked Interest Notes

Condition 5(c) (*Interest on Floating Rate Notes and Inflation Linked Interest Notes*) of the Terms and Conditions of the Senior Notes allows for Inflation Linked Interest Notes to be issued. Inflation Linked Interest Notes are debt securities which do not provide for predetermined interest payments but interest amounts are dependent upon the performance of an inflation index, which, either (i) the consumer price index (excluding tobacco) for

all households in metropolitan France, as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* (“INSEE”), (ii) the harmonised index of consumer prices excluding tobacco, or the relevant successor index, measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat (the “HICP”), or (iii) the U.K. Consumer Price Index (the “UK CPI”) published by the Office for National Statistics (the “ONS”) or (iv) the U.K. Retail Price Index (the “RPI”) published by the ONS (each an “Inflation Index” and together the “Inflation Indices”). The amount of interest may vary and Noteholders may receive no interest. Noteholders are exposed to the risk that changes in the levels of the Inflation Indices may adversely affect the value of Inflation Linked Interest Notes and as a result, Noteholders could lose part of their investment.

2.2.2 Risks relating to the Subordinated Notes only

The Subordinated Notes are the lowest ranking subordinated obligations of the Issuer

In accordance with Condition 3(a) (*Deeply Subordinated Notes*) of the Terms and Conditions of the Subordinated Notes, principal and interest and other amounts (including Arrears of Interest (as defined below) and/or Additional Interest Amounts (as defined below)) of the Subordinated Notes and, where applicable, any relative Coupons, constitute direct, unconditional, unsecured and the lowest ranking subordinated obligations (*engagements subordonnés de dernier rang*) of the Issuer and rank and will rank *pari passu* among themselves and (save for certain obligations required to be preferred by French law) equally and rateably with all other present or future Deeply Subordinated Notes, but subordinated to the *titres participatifs* issued by, and the *prêts participatifs* granted to, the Issuer, and Ordinary Subordinated Notes and Unsubordinated Notes of the Issuer. As of 31 December 2023, the Group’s borrowings and debt, secured and unsecured, represented €47,287 million. As of 31 December 2023, the Issuer’s perpetual deeply subordinated bonds carried in equity amounted, in nominal value, to €3,393 million, ranking *pari passu* without any preference with the Subordinated Notes. As of 31 December 2023, the Issuer had no Ordinary Subordinated Obligations outstanding.

In accordance with Condition 3(b) (*Payment on the Notes in the event of the liquidation of the Issuer*) of the Terms and Conditions of the Subordinated Notes, in the event of any judgment rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l’entreprise*) subsequent to the opening of a judicial recovery procedure, or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency), the rights of Noteholders to payment under the Subordinated Notes will be subordinated to the full payment of the unsubordinated creditors of the Issuer (including holders of Unsubordinated Notes, such as the Senior Notes), of the ordinary subordinated creditors of the Issuer (including holders of Ordinary Subordinated Notes), of lenders in relation to *prêts participatifs* granted to the Issuer and of holders of *titres participatifs* issued by the Issuer, if and to the extent that there is still cash available for those payments. Thus, the holders of Deeply Subordinated Notes face a higher recovery risk than holders of unsubordinated (such as the Senior Notes) and ordinary subordinated obligations of the Issuer.

The claims of the Noteholders under the Deeply Subordinated Notes are intended to be senior only to claims of Equity Securities. There are currently no instruments of the Issuer that rank junior to the Deeply Subordinated Notes other than the ordinary shares of the Issuer. Thus, the Noteholders face a significantly higher risk of loss in principal than holders of unsubordinated (such as the Senior Notes) and ordinary subordinated obligations of the Issuer which could result in (i) a loss of all or a part of a holder of Deeply Subordinated Notes’ investment in the event of a liquidation and (ii) more volatility in the market price of the Deeply Subordinated Notes as compared to unsubordinated (such as the Senior Notes) and ordinary subordinated obligations of the Issuer.

The Subordinated Notes may be undated securities

In accordance with Condition 6(a) (*Final Redemption*) of the Terms and Conditions of the Subordinated Notes, the Subordinated Notes may be Undated Notes, with no specified maturity date. The Issuer is under no obligation to redeem or repurchase any Undated Notes at any time, and the Noteholders have no right to require redemption of the Undated Notes except, in accordance with Condition 9 (*Enforcement Events, no Events of Default and no Cross Default*) of the Terms and Conditions of the Subordinated Notes, in the event that a judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure, or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency). Therefore, the Noteholders acquiring Undated Notes are exposed to the financial risks of such investment for an indefinite period of time and may not recover their investment in a foreseeable future.

Deferral of interest payment

In accordance with Condition 5(k)(i) (*Optional Interest Payment*) of the Terms and Conditions of the Subordinated Notes, if “Optional Interest Payment” is specified as applicable in the relevant Final Terms, the Issuer may elect to defer payment of all or part of the interest accrued to that date, and any such failure to pay shall not constitute a default by the Issuer for any purpose. Any interest in respect of the Subordinated Notes not paid on an applicable Interest Payment Date will, so long as the same remains outstanding, be deferred and shall constitute Arrears of Interest and, if due for at least a year, bear interest, and may be payable in whole or in part as outlined in Condition 5(k) (*Interest Deferral*) of the Terms and Conditions of the Subordinated Notes.

Arrears of Interest (together with any Additional Interest Amount) in respect of all Subordinated Notes for the time being outstanding shall become due and payable in whole, but not in part, on whichever is the earliest of:

- (i) ten (10) Business Days following the occurrence of a Mandatory Payment Event;
- (ii) the next scheduled Interest Payment Date in respect of which the Issuer does not elect to defer all or part of the interest accrued in respect of the relevant Interest Period;
- (iii) the date on which the Subordinated Notes are redeemed; or
- (iv) the date upon which a judgment is made for the voluntary or judicial liquidation of the Issuer (*liquidation judiciaire* or *liquidation amiable*) as contemplated under Condition 9 (*Enforcement Events, no Events of Default and no Cross Default*) of the Terms and Conditions of the Subordinated Notes or the sale of the whole of the business (*cession totale de l'entreprise*) of the Issuer or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency).

Any deferral of interest payments or the perception that the Issuer will need to exercise its optional deferral right would have a significant adverse effect on the market price of the Subordinated Notes. In addition, as a result of the interest deferral provisions of the Subordinated Notes, the market value of the Subordinated Notes may be more volatile than the market prices of other debt securities on which interest accrues that are not subject to the above provisions and may be more sensitive generally to adverse changes in the Issuer’s financial condition, therefore, Noteholders may lose all or part of their investment. As a result, the value of the Subordinated Notes or liquidity on the secondary market may be materially and negatively affected.

Optional Redemption Risk relating to Subordinated Notes

The Final Terms for a particular Series of Subordinated Notes may provide for early redemption at the option of the Issuer, in whole or in part, or in whole but not in part, as the case may be, under optional redemption as provided in Condition 6(b) (*Optional Redemption*), a make-whole call option as provided in Condition 6(c)

(*Make-Whole Redemption by the Issuer*), following the occurrence of a Gross-Up Event as provided in Condition 6(e)(i), a Withholding Tax Event as provided in Condition 6(e)(ii), a Tax Deductibility Event as provided in Condition 6(e)(iii), an Accounting Event as provided in Condition 6(f) (*Redemption following and Accounting Event*), a Capital Event as provided in Condition 6(g) (*Redemption following a Capital Event*) or a Clean-up Call Option as provided in Condition 6(h) (*Clean-up Call Option*) of the Terms and Conditions of the Subordinated Notes.

Any optional redemption feature where the Issuer is given the right to redeem the Notes early might negatively affect the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. Furthermore, since the Issuer may be expected to redeem the Notes when prevailing interest rates are relatively low, a Noteholder might not be able to reinvest the redemption proceeds at an effective interest rate as high as the return that would have been received on such Notes had they not been redeemed.

If the market interest decrease, the risk to Noteholders that the Issuer will exercise its early redemption option increases. As a consequence, the yields received upon redemption may be lower than expected, and the redemption amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a result, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

In the event of an early redemption at the option of the Issuer following the occurrence of a Tax Deductibility Event, an Accounting Event or a Capital Event, such early redemption of the Notes will be made in each case as provided respectively in Condition 6(e) (*Redemption for Taxation Reasons*), Condition 6(f) (*Redemption following and Accounting Event*), Condition 6(g) (*Redemption following a Capital Event*) of the Terms and Conditions of the Subordinated Notes, the Early Redemption Amount on the Subordinated Notes may be different, if so specified in the relevant Final Terms, whether such Tax Deductibility Event, Accounting Event or Capital Event occurs prior to, or on or after, the date specified in the relevant Final Terms. If such is the case, the Early Redemption Amount would typically be higher before such date specified in the relevant Final Terms and lower thereafter. Hence, the Early Redemption Amount received by the Noteholders may be lower than what may have been anticipated by the Noteholders upon issue of the Subordinated Notes if the Issuer does not exercise such options prior to that date.

Moreover, with respect to the make-whole call option as provided in Condition 6(c) (*Make-Whole Redemption by the Issuer*) of the Terms and Conditions of the Subordinated Notes, the Issuer shall give notice to the Noteholders in accordance with Condition 15 (*Notices*) of the Terms and Conditions of the Subordinated Notes of its decision to exercise its make-whole option and such notice shall (i) specify the date fixed for redemption, (ii) specify the refinancing conditions to which the redemption is subject (if any) and (iii) be otherwise irrevocable. Should the refinancing condition, if applicable, not be satisfied, the notice of exercise of the make-whole option by the Issuer will be revoked and the Notes will not be redeemed, which may have a negative impact on the Noteholders as the market price of the Notes is likely to fall below the expected Make-Whole Redemption Amount.

The Issuer is not required to redeem the Subordinated Notes in the case of a Withholding Tax Event

There is uncertainty as to whether gross-up obligations are legal or enforceable under French law. If gross-up obligations under the Subordinated Notes are held to be illegal or unenforceable under French law, the Issuer will have the right, but not the obligation, to redeem the Subordinated Notes. Accordingly, if the Issuer does not redeem the Subordinated Notes upon the occurrence of a Withholding Tax Event (as defined in Condition 6(e)

(*Redemption for Taxation Reasons*) of the Terms and Conditions of the Subordinated Notes), holders of Subordinated Notes may receive less than the full amount due, and the market value of such Subordinated Notes will be materially adversely affected.

There are no events of default or cross default under the Subordinated Notes

Unlike the Terms and Conditions of the Senior Notes, Condition 9 (*Enforcement Events, no Events of Default and no Cross Default*) of the Terms and Conditions of the Subordinated Notes provides that there are no events of default or cross default allowing acceleration of the Subordinated Notes if certain events occur. As a result, if the Issuer fails to meet any obligations under the Subordinated Notes, including the payment of any interest, Noteholders will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to Noteholders for recovery of amounts owing in respect of any payment of principal or interest on the Subordinated Notes will be the institution of proceedings to enforce such payment. In the case of institution of such proceedings, the Issuer will not be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it, and therefore, Noteholders may lose all or part of their investment due to such delay. As a result, the value of the Subordinated Notes or liquidity on the secondary market may be negatively affected.

No limitation on issuing or guaranteeing debt ranking senior to, or pari passu with, the Subordinated Notes

There is no restriction under the Terms and Conditions of the Subordinated Notes on the amount of debt which the Issuer may issue or guarantee, as there is no clause of limitation of indebtedness nor, as per Condition 4 (*Negative Pledge*) of the Terms and Conditions of the Subordinated Notes, a negative pledge. The Issuer and its subsidiaries and affiliates may incur additional indebtedness or grant guarantees in respect of indebtedness of third parties, including indebtedness or guarantees that rank *pari passu* with, or senior to, the obligations under and in connection with the Subordinated Notes. If the Issuer's financial condition were to deteriorate, the Noteholders could suffer direct and materially adverse consequences, including loss of interest and, if the Issuer were liquidated (whether voluntarily or not), the Noteholders could suffer loss of their entire investment.

The current IFRS accounting classification of financial instruments such as the Undated Notes as equity instruments may change, which may result in the occurrence of an Accounting Event

In June 2018, the IASB (International Accounting Standards Board) published the discussion paper DP/2018/1 on "Financial Instruments with Characteristics of Equity" (the "**DP/2018/1 Paper**") proposing a new classification approach to articulate more clearly the principles for classifying financial instruments as financial liabilities or equity instruments, and to improve the consistency, completeness and clarity of the classification requirements in IAS 32. In November 2023, the IASB published a paper titled "Exposure Draft Financial Instruments with Characteristics of Equity" where the IASB has decided not to pursue the proposed classification approach set out in DP/2018/1 Paper and instead aim at, *inter alia*, clarifying the requirements, including the underlying principles, for classifying a financial instrument as a financial liability or an equity instrument (the "**2023 Exposure Draft**"). Depending on the content of the final clarifications that will be adopted (or as a result of further IASB proposals), the IFRS equity classification of financial instruments such as the Undated Notes may change and this may result in the occurrence of an Accounting Event. In such an event, the Issuer may have the option to redeem, in whole but not in part, the Subordinated Notes (pursuant to Condition 6(f) (*Redemption following an Accounting Event*) of the Terms and Conditions of the Subordinated Notes).

The implementation of any of the clarifications regarding the requirements, including the underlying principles, for classifying a financial instrument as a financial liability or an equity instrument set out in the 2023 Exposure Draft or any other proposals that may be made in the future, including the extent and timing of any such implementation, if at all, is uncertain. Accordingly, the Undated Notes may no longer be classified in the future as an equity instrument from an accounting perspective and any such change may result in the occurrence of an Accounting Event, thereby providing the Issuer with the option to redeem the Undated Notes pursuant to

Condition 6(f) (*Redemption following an Accounting Event*) of the Terms and Conditions of the Subordinated Notes.

The redemption of the Undated Notes by the Issuer or the perception that the Issuer will exercise its optional redemption right might negatively affect the market value of the Undated Notes. During any period when the Issuer may elect to redeem the Subordinated Notes, the market value of the Undated Notes generally will not rise substantially above the price at which they can be redeemed. Should the Undated Notes at such time be trading above or well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

Any decline in the credit ratings of the Issuer or of the Subordinated Notes may affect the market value of the Subordinated Notes and changes in rating methodologies may lead to the early redemption of the Subordinated Notes

The Issuer is currently rated BBB+ with stable outlook/A-2 by S&P and Baa1/P-2 with stable outlook by Moody's and Fitch has assigned it a long-term issuer default rating of A- (stable outlook), a senior unsecured rating of A- and a short term issuer default rating of F1. The rating granted by each of S&P, Moody's and Fitch or any other rating that may be assigned to the Subordinated Notes may not reflect the potential impact of all risks related to structure, market and other factors that may affect the market value of the Subordinated Notes. Consequently, actual or anticipated changes in the Group's or, as the case may be, the Subordinated Notes' credit ratings may affect the market value of the Subordinated Notes, either positively or negatively.

In addition, each of S&P, Moody's and Fitch or any other rating agency may change its methodologies for rating securities with features similar to the Subordinated Notes in the future. This may include the relationship between ratings assigned to an issuer's senior securities and ratings assigned to securities with features similar to the Subordinated Notes, sometimes called "notching". If the rating agencies were to change their practices for rating such securities in the future and the ratings of the Subordinated Notes were to be subsequently lowered, this may have a negative impact on the trading price of the Subordinated Notes.

If as a consequence of a change in the rating methodology of S&P, Moody's or Fitch or any other rating agency, the Subordinated Notes are no longer eligible for the same or higher category of equity credit attributed to the Subordinated Notes at the date of their issue, the Issuer may redeem all of the Subordinated Notes (but not some only), as provided in Condition 6(g) (*Redemption following a Capital Event*) of the Terms and Conditions of the Subordinated Notes. The redemption of the Subordinated Notes by the Issuer or the perception that the Issuer will exercise its optional redemption right might negatively affect the market value of the Subordinated Notes. During any period when the Issuer may elect to redeem the Subordinated Notes, the market value of the Subordinated Notes generally will not rise substantially above the price at which they can be redeemed. Should the Subordinated Notes at such time be trading above or well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

The Terms and Conditions of the Subordinated Notes contain a prohibition of set-off

In accordance with Condition 3(c) (*Prohibition of set-off*) of the Terms and Conditions of the Subordinated Notes, the Noteholders may not exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer in respect of, or arising under or in connection with the Subordinated Notes and each Noteholder will be deemed to have waived all such rights of set-off, compensation or retention, subject to applicable law. As a result, a Noteholder which is also a debtor of the Issuer cannot set-off its payment obligation against any sum due to it by the Issuer under the Subordinated Notes. This prohibition of set-off could therefore have an adverse impact on the counterparty risk for a Noteholder in the event that the Issuer were to become insolvent.

The occurrence of a Mid-Swap Benchmark Event could have a material adverse effect on the market value of and return on any Resettable Notes

Condition 5(c)(ii) (*Mid-Swap Rate Discontinuation*) of the Terms and Conditions of the Subordinated Notes provides for certain fallback arrangements in the event that a Mid-Swap Benchmark Event occurs in relation to Resettable Notes, including if the Original Mid-Swap Rate, and/or any page on which the Original Mid-Swap Rate may be published, becomes unavailable, or if the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Resettable Notes by reference to such Original Mid-Swap Rate under the Benchmarks Regulation or otherwise. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate, with or without the application of an Mid-Swap Adjustment Spread, and may include amendments to the Terms and Conditions of the Subordinated Notes to ensure the proper operation of the Successor Mid-Swap Rate and/or the Alternative Mid-Swap Rate, all as determined by the Independent Adviser and without the consent of the Noteholders.

In addition, even if a Mid-Swap Benchmark Event occurs, Condition 5(c)(ii) (*Mid-Swap Rate Discontinuation*) of the Terms and Conditions of the Subordinated Notes will not apply and no Successor Mid-Swap Rate or Alternative Mid-Swap Rate will be adopted, nor will any other related adjustments and/or amendments to the Terms and Conditions of the Subordinated Notes with respect to the Resettable Notes be made if in the determination of the Issuer, the same could reasonably be expected to (i) result in a reduction of the amount of “equity credit” assigned to the Resettable Notes by any Rating Agency when compared to the “equity credit” assigned to the Resettable Notes immediately prior to the occurrence of the relevant Mid-Swap Benchmark Event from such Rating Agency or (ii) otherwise prejudice the eligibility of the Resettable Notes for “equity credit” from any Rating Agency.

In certain circumstances, the ultimate fallback for a particular Reset Period, including where no Successor Mid-Swap Rate or an Alternative Mid-Swap Rate (as applicable) is determined, may be that the rate of interest for such Reset Period be based on the rate which applied for the immediately preceding Reset Period (for the avoidance of doubt, for the first Reset Determination Date, the Mid-Swap Rate should be the Initial Reset Reference Rate). This ultimate fallback may result in the effective application of a fixed rate to the Subordinated Notes. Subject to the right for the Issuer to re-apply, at any time, the provisions regarding the determination of a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate, the effective conversion into fixed rate notes may affect the secondary market and the market value of the Resettable Notes as the fixed rate may be lower than the rates usually applicable to such Resettable Notes. In the event of the application of a fixed rate of interest, the Noteholders would not be able to benefit from any potentially favourable prevailing market conditions.

In addition, due to the uncertainty concerning the availability of Successor Mid-Swap Rates or Alternative Mid-Swap Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time. Any such consequences could have a significant adverse effect on the market value of and return on any such Resettable Notes.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Resettable Notes or could have a material adverse effect on the market value or liquidity of, and the amount payable under, the Resettable Notes. The Independent Adviser will have discretion to adjust the relevant Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable) in the circumstances described above and any such adjustment could have unexpected consequences which may not be favourable to each Noteholder (depending on particular circumstances of the relevant Noteholder).

Thus, the occurrence of a Mid-Swap Benchmark Event could result in the loss of a portion of the principal amount invested in the relevant Resettable Notes for Noteholders.

The reset of the rate of interest applicable to Resetable Notes may significantly affect the secondary market for and the market value of such Resetable Notes

Condition 5(c) (*Interest on Resetable Notes*) of the Terms and Conditions of the Subordinated Notes allows for Resetable Notes to be issued. In the case of any Series of Resetable Notes, the rate of interest on such Resetable Notes will be reset by reference to the then prevailing Mid-Swap Rate, as adjusted for any applicable margin, on the reset dates specified in the relevant Final Terms. The reset of the rate of interest in accordance with such provisions may significantly affect the secondary market for and the market value of such Resetable Notes. Following any such reset of the rate of interest applicable to the Resetable Notes, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest on the relevant Resetable Notes may be lower than the Initial Rate of Interest, the First Reset Rate of Interest and/or any previous Subsequent Reset Rate of Interest. A Noteholder of Resetable Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income and may be significantly impacted by such fluctuations.

2.3 Risks related to the legal form of the Senior Notes and Subordinated Notes and other legal issues

Specific French insolvency law provision regarding the rights of holders of debt securities

The Issuer is a *société anonyme* with its registered office in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the “centre of main interests” (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, dated 20 June 2019 has been transposed into French law notably with regard to the process of adoption of restructuring plans under insolvency proceedings. Accordingly, “affected parties” (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required.

For the avoidance of doubt, the provisions relating to the representation of Noteholders described in Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Senior Notes and Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Subordinated Notes will not be applicable to the extent that they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes. Any decisions taken by a class of affected parties could materially and negatively impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Credit Risk

As contemplated in (a) Condition 3(a) (*Status of Notes*) of the Terms and Conditions of the Senior Notes, the Senior Notes and, where applicable, any relative Receipts and Coupons are unconditional, unsubordinated and (subject to the provisions of Condition 4 (*Negative Pledge*) of the Terms and Conditions of the Senior Notes) unsecured obligations of the Issuer and (b) Condition 3(a) (*Deeply Subordinated Notes*) of the Terms and

Conditions of the Subordinated Notes, the Subordinated Notes and, where applicable, any relative Receipts and Coupons are direct, unconditional, unsecured and the lowest ranking subordinated obligations (*engagements subordonnés de dernier rang*) of the Issuer. However, an investment in the Notes involves taking credit risk on the Issuer. If the financial situation of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, which could materially and negatively impact the Noteholders who may lose all or part of their investment.

Meeting of Noteholders, Modification and waivers

Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Senior Notes and Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Subordinated Notes contain provisions for calling meetings of Noteholders or for consulting Noteholders through Written Resolutions to consider matters affecting their interests generally, including without limitation the modification of the relevant Terms and Conditions. These provisions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the relevant General Meeting, Noteholders who voted in a manner contrary to the majority and Noteholders who did not respond to, or rejected, the relevant Written Resolution.

If the relevant Final Terms specify “*No Masse*”, Noteholders will not be grouped in a *masse* having legal personality and will not be represented by a representative of the *masse*.

Moreover, although Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Senior Notes and Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Subordinated Notes provide that the contractual *Masse* will be governed by the provisions of the French *Code de commerce*, Condition 11 (*Meeting and Voting Provisions*) also provides in each case for certain exclusions which may be less favourable for the Noteholders. Indeed, by exception to the legal *masse* regime provisions of the French *Code de Commerce*, Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Senior Notes and Condition 11 (*Meeting and Voting Provisions*) of the Terms and Conditions of the Subordinated Notes provide that the provisions of Article L. 228-65 I 1°, 3° and 4° and the second sentence of Article L. 228-65 II, the second sentence of the first paragraph and the second paragraph of Article L. 228-71, Article L. 228-72, the second and third paragraphs of Article L. 228-73 and Article R. 228-69 (respectively providing for a prior approval of the General Meeting in case of change in the object or corporate form of the Issuer, merger (*fusion*) or demerger (*scission*) of the Issuer or issue of new notes (*obligations*) benefiting from a security (*sûreté réelle*) (and, in each case, the corresponding rights of the Issuer to override any refusal of the General Meeting to approve the same), for quorum and majority conditions applicable to the General Meeting, for management expenses decided by the General Meeting to be deducted from the interest paid to the Noteholders which amount may be fixed by court order, the convening notices period, the convening formalities on second notice or for an adjourned meeting and the related provisions of the French *Code de commerce*) shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained in case of change of the object or corporate form of the Issuer, transfer of assets under certain circumstances and issue of new notes (*obligations*) benefiting from a security (*sûreté réelle*) and the Issuer may determine specific quorum, majority and convening requirements as a result of which Noteholders may be bound by certain defined majorities and can be convened, including on second notice, within a short period of time, which may affect their interests generally.

In all cases, a decision to modify the Terms and Conditions adopted by a majority of the Noteholders could alter or limit the rights of the Noteholders. These elements may have a negative impact on the market value of the Notes and hence Noteholders may lose part of their investment.

Risks related to Green Bonds

As described in the section “Use of Proceeds”, the Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer’s intention to issue “green bonds” (the “**Green Bonds**”) and apply an amount equivalent to the proceeds from the issuance of such Green Bonds to finance and/or re-finance, in whole or in part, new or existing projects from any of the Eligible Green Projects meeting certain eligibility criteria as further described in the Issuer’s green financing framework (as amended and supplemented from time to time) (the “**Green Financing Framework**”) available on the Issuer’s website (<https://www.engie.com/en/finance/credit/green-finance>) and in the relevant Final Terms.

Regulation (EU) No 2020/852 on the establishment of a framework to facilitate sustainable investment, as amended or completed (the “**EU Taxonomy Regulation**”), as supplemented by Delegated Regulation (EU) 2023/2486, established a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable and technical screening criteria for determining which economic activities can be considered as contributing substantially to one of the six environmental objectives of the EU Taxonomy Regulation, without such economic activity causing any significant harm to any of the other environmental objectives. The Green Financing Framework contains a list of Eligible Project Categories of eligible activities together with a mapping to the relevant economic activity within the meaning of the Taxonomy Regulation.

The Issuer does not undertake to align its Green Bonds and/or the proceeds from the issuance of its Green Bonds of which an equivalent amount will be allocated to the financing and/or refinancing, in whole or in part, of Eligible Green Projects, with the technical screening criteria of the Taxonomy Regulation at the time of publication of the Green Financing Framework.

An Eligible Green Project financed (or refinanced) by Green Bonds may not satisfy, whether in whole or in part, any future legislative or regulatory requirements, or any present or future investor expectations regarding such "green" or other equivalently labelled performance objectives or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply. The expectations of investors may also change over time and may affect the attractiveness and competitiveness of the Green Bonds for investors. This may affect the price or the value and the liquidity of the Green Bonds.

Any failure by the Issuer to provide regular information on the use of proceeds of its Green Bonds and to publish related limited assurance reports will not constitute an event of default in respect of any Green Bonds. In addition, any failure to apply an amount equal or equivalent to the net proceeds of any issue of Green Bonds as intended, any withdrawal of any applicable opinion or certification, any opinion or certification to the effect that the Issuer is not complying in whole or in part with criteria or requirements covered by such opinion or certification or any change to the Green Financing Framework and/or selection criteria may materially affect the market value of the Green Bonds and/or may have consequences for certain investors with portfolio mandates to invest in green assets and consequently, Noteholders could lose all or part of their investment in the Notes.

TERMS AND CONDITIONS OF THE SENIOR NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms and excepting sentences in italics, shall be applicable to the Senior Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to “Notes” are to the Senior Notes of one Series only, not to all Senior Notes that may be issued under the Programme.

The Notes issued by ENGIE (the “**Issuer**”) are issued pursuant to an amended and restated agency agreement (as amended or supplemented from time to time, the “**Agency Agreement**”) dated 3 June 2024 between the Issuer, Citibank, N.A., London Branch as fiscal agent and the other agents named in it.

The fiscal agent, the paying agents, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Registration Agent**”, the “**Redenomination Agent**”, the “**Consolidation Agent**” and the “**Calculation Agent(s)**”.

A make-whole calculation agency agreement (the “**Make-Whole Calculation Agency Agreement**”) dated 3 June 2024 has been agreed between the Issuer and DIIS Group as make-whole calculation agent for the purpose of Condition 6(c) only (the “**Make-Whole Calculation Agent**”).

The holders of Dematerialised Notes and Materialised Notes, the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons (the “**Talons**”) for further Coupons (the “**Couponholders**”) and the holders of the receipts (the “**Receipts**”) for the payment of instalments of principal (the “**Receiptholders**”) relating to Materialised Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area (“**EEA**”) as defined in the Markets in Financial Instruments Directive 2014/65/EU and as listed on the website of the European Securities and Markets Authority (<https://registers.esma.europa.eu/publication>).

References below to “**Guarantor**” shall mean ENGIE, in its capacity as guarantor of Notes if there is a substitution of the Issuer in accordance with Condition 16.

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below.

- (ii) Materialised Notes are issued in bearer form (“**Materialised Bearer Notes**”). Materialised Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. - (b) **Denomination(s)**: Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms save that the minimum denomination of each Note admitted to trading on a Regulated Market will be €100,000, and if the Notes are denominated in a currency other than euro, the equivalent amount in each such currency (the “**Specified Denomination(s)**”), or such higher amount as may be allowed or required from time to time by the relevant monetary or financial authority or any applicable laws or regulations. Dematerialised Notes shall be issued in one Specified Denomination only.
- (c) **Title**
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes. Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Euroclear France Account Holders. - (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, “**holder of Notes**” or “**holder of any Note**” or “**Noteholder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Euroclear France Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Receipts, Coupons, or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least thirty (30) calendar days’ notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community, as amended from time to time (the “**Treaty**”)) or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall,

in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 15 as soon as practicable thereafter.

- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

(e) **Method of issue**

The Notes will be issued in series (each a “**Series**”), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “**Tranche**”) on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

2 Conversion and Exchanges of Notes

(a) **Dematerialised Notes**

that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

- (iii) **Rate of Interest for Floating Rate Notes:** The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- I. the “**Floating Rate Option**” is as specified in the relevant Final Terms;
- II. the “**Designated Maturity**” is a period specified in the relevant Final Terms;
- III. the relevant “**Reset Date**” is the first (1st) day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms;
- IV. the relevant “**Fixing Day**” is the date specified in the applicable Final Terms or, in the absence thereof, as defined in the ISDA Definitions;
- V. the “**Effective Date**” is, unless otherwise specified in the applicable Final Terms, the Interest Commencement Date;
- VI. the “**Termination Date**” is, unless otherwise specified in the applicable Final Terms, the last date of the last occurring Interest Accrual Period;
- VII. the relevant “**Calculation Period**” is as specified in the applicable Final Terms or, in the absence thereof, as defined in the ISDA Definitions for which purpose references to “**Effective Date**” and “**Period End Date**” (in the ISDA Definitions) shall be deemed to be to, respectively, the Issue Date and any last day of the last occurring Interest Accrual Period (as defined in these Conditions); and
- VIII. if the Floating Rate Option specified in the Final Terms is an Overnight Floating Rate Option and Compounding is specified as applicable in the applicable Final Terms:
 - the relevant Reset Date is the last day of the last occurring Interest Accrual Period, unless otherwise specified in the Final Terms;

- Delayed Payment will be applicable if specified as such in the Final Terms, and if so, the applicable number of days is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, five (5);
- OIS Compounding will be applicable if specified as such in the Final Terms;
- Compounding with Lookback will be applicable if specified as such in the Final Terms, and if so, the “**Lookback**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “**Lookback**” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5);
- Compounding with Observation Period Shift will be applicable if specified as such in the Final Terms, and if so, Set in Advance will be applicable if specified as such in the Final Terms, “**Observation Period Shift Additional Business Day**” is as specified in the Final Terms, and the “**Observation Period Shift**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “**Observation Period Shift**” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5); and
- Compounding with Lockout will be applicable if specified as such in the Final Terms, and if so, “**Lockout Period Business Day**” is as specified in the Final Terms and the “**Lockout**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “**Lockout**” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5).

For the purposes of this sub-paragraph (A), except as otherwise defined in such sub-paragraph, “**Calculation Agent**”, “**Compounding with Lockout**”, “**Compounding with Lookback**”, “**Compounding with Observation Period Shift**”, “**Delayed Payment**”, “**Designated Maturity**”, “**Effective Date**”, “**Floating Rate Option**”, “**Floating Rate**”, “**Lockout Period Business Day**”, “**Lockout**”, “**Lookback**”, “**Observation Period Shift**”, “**OIS Compounding**”, “**Overnight Floating Rate Option**”, “**Period End Date**”, “**Set in Advance**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

The provisions relating to “**Linear Interpolation**” set out in the ISDA Definitions shall apply to an ISDA Rate where “*2021 ISDA Definitions Linear Interpolation*” is specified as applicable in the applicable Final Terms. For such purpose, references to “**Relevant Rate**” under the ISDA Definitions shall be deemed to be references to the ISDA Rate.

(B) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or any other such page as may replace that page on the relevant service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) as at either 11.00 a.m. (Brussels time) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the relevant Final Terms as being other than EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon.

- (b) if the Relevant Screen Page is not available or, if sub-paragraph (a)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (a)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for

the Reference Rate, at which at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period), except that if a Benchmark Event occurs, then the Reference Rate will be determined in accordance with Condition 5(c)(iii)(C) below.

- (d) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being the EUR CMS, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered quotation (expressed as a percentage rate *per annum*) for EUR CMS or for the combination based on EUR CMS as set out in the formula below, relating to the relevant maturity (the relevant maturity year mid swap rate in EUR (annual 30/360)), which appears on the Relevant Screen Page, being Reuters page “ISDAFIX 2” under the heading “EURIBOR Basis”, as at 11.00 a.m. Frankfurt time, in the case of the EUR-ISDA-EURIBOR Swap Rate-11:00 on the Interest Determination Date in question plus or minus (as indicated in the relevant Final Terms) the Margin (if any), all as determined by the Calculation Agent.

EUR CMS combination formula:

$$m \times \text{EUR CMS}[\textit{specify maturity}] [+/-/\times] n \times \text{EUR CMS}[\textit{specify maturity}]$$

Where each of “**m**” and “**n**” means the number specified in the relevant Final Terms.

Notwithstanding anything to the contrary in this Condition 5, in the event that the Reference Rate does not appear on the Relevant Screen Page, the Calculation Agent shall determine on the relevant Interest Determination Date the applicable rate based on quotations of five Reference Banks (to be selected by the Calculation Agent and the Issuer) for EUR CMS relating to the relevant maturity (in each case the relevant mid-market annual swap rate commencing two (2) T2 Business Days following the relevant Interest Determination Date). The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the Reference Rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

If, for any reason, the Reference Rate is no longer published or if fewer than three quotations are provided to the Calculation Agent in accordance with the above paragraph, the Reference Rate will be determined by the Calculation Agent.

- (e) When €STR is specified as the Reference Rate in the Final Terms in respect of the Floating Rate Notes, the Rate of Interest for each Interest Accrual Period will,

subject as provided below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-\text{pTBD}} \times \Omega_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

If the €STR is not published, as specified above, on any particular T2 Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such T2 Business Day shall be the rate equal to €STR in respect of the last T2 Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular T2 Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate of €STR for each T2 Business Day in the relevant Observation Period on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each T2 Business Day in the relevant Observation Period on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each T2 Business Day in the relevant Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 15.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of

€STR for each T2 Business Day in the relevant Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

(C) Benchmark discontinuation

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, but not in respect of €STR or SONIA, and notwithstanding anything to the contrary in Condition 5(c)(iii)(B) above, if the Issuer determines in good faith at any time prior to, on or following any Interest Determination Date, that a Benchmark Event occurs in relation to the Original Reference Rate at any time prior to, on or following any Interest

Determination Date, the Issuer shall use reasonable endeavours to appoint (at its own cost) an Independent Adviser as soon as reasonably practicable (and in any event prior to the next relevant Interest Determination Date), which, acting in good faith and in a commercially reasonable manner and as an independent expert in the performance of its duties, will determine if a substitute or successor rate is available for purposes of determining the Reference Rate on each Interest Determination Date falling on such date or thereafter that is substantially comparable to the Original Reference Rate.

In this context, the Independent Adviser will in particular determine if there is a rate that is formally recommended by a Relevant Nominating Body, which will be considered an industry accepted successor rate.

It is further specified that if there is two or more industry successor rates recommended by the above-mentioned authority, institution or working groups, the Independent Adviser shall determine which of those successor rates is most appropriate for the purpose of formulating its advice to the Issuer, having regard to, inter alia, the particular features of the Notes and the nature of the Issuer. Following the foregoing, the Independent Adviser will determine a substitute or successor rate (such rate, the “**Replacement Reference Rate**”), for purposes of determining the Reference Rate for all relevant future payments of interest on the Notes.

Additionally, (i) the Independent Adviser will also determine in good faith changes (if any) to the business day convention, the definition of business day, the interest determination date, the day count fraction, and any method for obtaining the Replacement Reference Rate, including any adjustment factor needed to make such Replacement Reference Rate comparable to the Original Reference Rate (including any Adjustment Spread, and quantum of, or a formula or methodology for determining such Adjustment Spread), in each case in a manner that is consistent with industry-accepted practices for such Replacement Reference Rate; (ii) references to the Original Reference Rate in these Conditions will be deemed to be references to the Replacement Reference Rate, including any alternative method for determining such rate as described in (i) above; and (iii) the Issuer shall give notice as soon as reasonably practicable to the Noteholders (in accordance with Condition 15) and the Paying Agent(s) specifying the Replacement Reference Rate, as well as the details described in (i) above.

- (b) The determination of the Replacement Reference Rate and the other matters referred to above by the Independent Adviser will (in the absence of manifest error) be final and binding on the Fiscal Agent, the Calculation Agent, the Paying Agents and the Noteholders, unless the Independent Adviser, acting in good faith, in a commercially reasonable manner, considers at a later date that the Replacement Reference Rate is no longer substantially comparable to the Original Reference Rate or does not constitute an industry accepted successor rate, in which case the Issuer shall re-appoint an Independent Adviser (which may or may not be the same entity as the original Independent Adviser) for the purpose of advising the Issuer on confirming the Replacement Reference Rate or determining a substitute Replacement Reference Rate in an identical manner as described in this Condition 5(c)(iii)(C).
- (c) For the avoidance of doubt, the Fiscal Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Agency Agreement and

these Conditions as may be required in order to give effect to this Condition 5(c)(iii)(C). No Noteholder consent shall be required in connection with effecting the Replacement Reference Rate or such other changes pursuant to this Condition 5(c)(iii)(C), including for the execution of any documents or other steps by the Paying Agent(s) (if required).

- (d) Notwithstanding any other provision of this Condition 5(c)(iii)(C), if the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser is unable to determine a Replacement Reference Rate for any Interest Determination Date, no Replacement Reference Rate or any other successor, replacement or alternative benchmark or screen rate will be adopted and the Reference Rate for the relevant Interest Period will be equal to the last Reference Rate available on the Screen Page as determined by the Calculation Agent.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5.3(c)(iii)(C), *mutatis mutandis*, on one or more occasions until a Replacement Reference Rate or any other successor, replacement or alternative benchmark or screen rate (and, if applicable, any associated Adjustment Spread and/or any amendments) has been determined and notified in accordance with this Condition 5.3(c)(iii)(C) (and, until such determination and notification (if any), the fallbacks provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5.3(c)(iii)(B), will continue to apply according to their terms).

(iv) **Rate of Interest for Inflation Linked Interest Notes:**

1. Consumer Price Index (CPI)

Where the consumer price index excluding tobacco for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “**INSEE**”) (“**CPI**”) is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(1) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(1) shall apply.

The Rate of Interest in respect of Inflation Linked Interest Notes (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- (A) On the fifth (5th) Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

The “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the relevant Final Terms (the “**Base Reference**”). Notwithstanding Condition 5(g)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first (1st) day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given

month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index

$$= \text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

“**ND_M**” number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**”: price index of month M - 2;

“**CPI Monthly Reference Index_{M-3}**”: price index of month M - 3.

Notwithstanding Condition 5(g)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence Française du Trésor* Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* (“**INSEE**”) as such index may be adjusted or replaced from time to time as provided herein.

- (B) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its July 2011 Paper entitled “Inflation-Linked Bonds”. In the case of any conflict between the calculation method provided below and the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(C)

- (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:

- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

$$\text{Substitute CPI Monthly Reference Index}_M = \text{CPI Monthly Reference Index}_{M-1} \times \left(\frac{\text{CPI Monthly Reference}_{M-1}}{\text{CPI Monthly Reference}_{M-13}} \right)^{\frac{1}{12}}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous basis}}^{\text{Date D}} \times \text{Key}$$

2. Harmonised Index of Consumer Price (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(2) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(2) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "**HICP Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (A) On the fifth (5th) Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

The "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the relevant Final Terms (the "**Base Reference**"). Notwithstanding Condition 5(g)(iii),

the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first (1st) day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index

$$= \text{HICP Monthly Reference Index}_{M-3} + \frac{D - 1}{\text{ND}_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

“**ND_M**”: number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**”: price index of month M - 2;

“**HICP Monthly Reference Index_{M-3}**”: price index of month M - 3.

Notwithstanding Condition 5(g)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

- (B) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

$$\text{Substitute HICP Monthly Reference Index}_M = \text{HICP Monthly Reference Index}_{M-1} \times \left(\frac{\text{HICP Monthly Reference}_{M-1}}{\text{HICP Monthly Reference}_{M-13}} \right)^{\frac{1}{12}}$$

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{Date D New basis}} = \text{HICP Monthly Reference Index}_{\text{Date D Previous basis}} \times \text{Key}$$

3. U.K. Consumer Price Index (UK CPI)

- (a) Where UK CPI (as defined below) is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(3) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(3) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the UK CPI (the “**UK CPI Linked Interest**”) will be determined by the Calculation Agent on the following basis:

“**Base Index Figure**” means (subject to Condition 5(c)(iv)(3)(b)) the base index figure as specified in the relevant Final terms;

“**Index**” or “**Index Figure**” means, subject as provided in Condition 5(c)(iv)(3)(b), the U.K. Consumer Price Index (CPI) (for all items) published by the Office for National Statistics (2015 = 100) or any comparable index which may replace the U.K. Consumer Price Index for the purpose of calculating the amount payable on repayment of the Indexed Benchmark Gilt (if any) (the “**UK CPI**”). Any reference to the Index Figure which is specified in the relevant Final Terms as:

- (i) applicable to the first calendar day of any month, shall, subject as provided in Conditions 5(c)(iv)(3)(b) and 5(c)(iv)(3)(c), be construed as a reference to the Index Figure published in the second month prior to that particular month and relating to the month before that of publication; or

- (ii) applicable to any other day in any month shall, subject as provided in Conditions 5(c)(iv)(3)(b) and 5(c)(iv)(3)(c), be calculated by linear interpolation between (x) the Index Figure applicable to the first calendar day of the month in which the day falls, calculated as specified in subparagraph (i) above and (y) the Index Figure applicable to the first calendar day of the month following, calculated as specified in subparagraph (ii) above and rounded to the nearest fifth decimal place.

“Indexed Benchmark Gilt” means the index-linked sterling obligation of the United Kingdom Government listed on the Official List of the Financial Conduct Authority (in its capacity as competent authority under the Financial Services and Markets Act 2000, as amended) and traded on the London Stock Exchange whose average maturity most closely matches that of the Notes as a gilt-edged market maker or other adviser selected by the Issuer (an **“Indexation Advisor”**) shall determine to be appropriate;

“Inflation Index Ratio” applicable to any month or date, as the case may be, means the Index Figure applicable to such month or date, as the case may be, divided by the Base Index Figure and, notwithstanding Condition 5(g), rounded to the nearest fifth decimal place;

“Limited Index Ratio” means (a) in respect of any month or date, as the case may be, prior to the relevant Issue Date, the Inflation Index Ratio for that month or date, as the case may be, (b) in respect of any Limited Indexation Date after the relevant Issue Date, the product of the Limited Indexation Factor for that month or date, as the case may be, and the Limited Index Ratio as previously calculated in respect of the month or date, as the case may be, twelve months prior thereto; and (c) in respect of any other month, the Limited Index Ratio as previously calculated in respect of the most recent Limited Indexation Month;

“Limited Indexation Date” means any date falling during the period specified in the relevant Final Terms for which a Limited Indexation Factor is to be calculated;

“Limited Indexation Factor” means, in respect of a Limited Indexation Month or Limited Indexation Date, as the case may be, the ratio of the Index Figure applicable to that month or date, as the case may be, divided by the index Figure applicable to the month or date, as the case may be, twelve months prior thereto, provided that (a) if such ratio is greater than the Maximum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Maximum Indexation Factor and (b) if such ratio is less than the Minimum Indexation Factor specified in the relevant Final terms, it shall be deemed to be equal to such Minimum Indexation Factor; **“Limited Indexation Month”** means any month specified in the relevant Final terms for which a Limited Indexation Factor is to be calculated; and

“Limited Index Linked Instruments” means Inflation Linked Notes to which a Maximum Indexation Factor and/or a Minimum Indexation Factor (as specified in the relevant Final Terms) applies.

The UK CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio or Limited Index Ratio in the case of Limited Index Linked Instruments applicable to the month or date, as the case may be, on which such payment falls to be made.

(b) Changes in Circumstances Affecting the Index

- (i) *Change in base:* If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the month from and including that in which such substitution takes effect or the first date from and including that on which such substitution takes effect, as the case may be, (1) the definition of Index and Index Figure in Condition 5(c)(iv)(3)(a) shall be deemed to refer to the new date or month in substitution for 2015 (or, as the case may be, to such other date or month as may have been substituted therefor), and (2) the new Base Index Figure shall be the product of the existing Base Index Figure and the Index Figure for the date on which such substitution takes effect, divided by the Index Figure for the date immediately preceding the date on which such substitution takes effect.
- (ii) *Delay in publication of Index if sub-paragraph (i) of the definition of Index Figure is applicable:* If the Index Figure which is normally published in the seventh month and which relates to the eighth month (the “**relevant month**”) before the month in which a payment is due to be made is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”), the Index Figure applicable to the month in which the date for payment falls shall be (1) such substitute index figure (if any) as the Indexation Advisor (after consultation with the Issuer) considers to have been published by the United Kingdom Debt Management Office for the Bank of England, as the case may be, for the purposes of indexation of payments on the Indexed Benchmarked Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by the Indexation Advisor (and approved by the Issuer (acting solely on the advice of the Indexation Advisor)) or (2) if no such determination is made by such Indexation Advisor within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 5(c)(iv)(3)(b)(i)) before the date for payment).
- (iii) *Delay in publication of Index if sub-paragraph (ii) and/or (iii) of the definition of Index Figure is applicable:* If the Index Figure relating to any month (the “**calculation month**”) which is required to be taken into account for the purposes of the determination of the Index Figure for any date is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”), the Index Figure applicable for the relevant calculation month shall be (1) such substitute index figure (if any) as the Indexation Advisor (after consultation with the Issuer) considers to have been published by the United Kingdom Debt Management Office or the Bank of England, as the case may be, for the purposes of indexation of payments on the Indexed Benchmarked Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by the Indexation Advisor (and approved by the Issuer (acting solely on the advice of the Indexation Advisor)) or (2) if no such determination is made by such Indexation Advisor within seven days, the Index Figure last published (or, if later, the

substitute index figure last determined pursuant to Condition 5(c)(iv)(3)(b)(i)) before the date for payment).

(c) Application of Changes

Where the provisions of Condition 5(c)(iv)(3)(b)(ii) or (iii) apply, the determination of the Indexation Advisor as to the Index Figure applicable to the month in which the date for payment falls or the date for payment, as the case may be, shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 5(c)(iv)(3)(b)(ii)(2) or Condition 5(c)(iv)(3)(b)(iii)(2), the Index Figure relating to the relevant month or relevant calculation month, as the case may be, is subsequently published while any Inflation Linked Notes are still outstanding, then:

- (i) in relation to a payment of principal or interest in respect of such Inflation Linked Notes other than upon final redemption of such Inflation Linked Notes, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced, as the case may be, by an amount equal to the shortfall or excess, as the case may be, of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 5(c)(iv)(3)(b)(ii) or Condition 5(c)(iv)(3)(b)(iii)(2) below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the fourteenth business day before the date for payment; and
- (ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(d) Cessation of or Fundamental Changes to the Index

- (i) If (1) the Issuer has been notified by the Calculation Agent that the Index has ceased to be published or (2) any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the reasonable opinion of the Indexation Advisor (after consultation with the Issuer) be materially prejudicial to the interests of the Issuer, or the Indexation Advisor (after consultation with the Issuer), be materially prejudicial to the interests of the Noteholders, the Indexation Advisor (after consultation with the Issuer) shall make for the purpose of the Inflation Linked Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.
- (ii) The Index shall be adjusted or replaced by a substitute index as determined by the Indexation Advisor (after consultation with the Issuer), and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Indexation Advisor (after consultation with the Issuer) deem are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Issuer and the Noteholders, and the Issuer shall give notice to the Noteholders in accordance with

Condition 15 (*Notices*) of such amendments as promptly as practicable following such notification.

4. U.K. Retail Price Index (RPI)

- (a) Where RPI (as defined below) is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(4) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(4) shall apply.

“**Index**” or “**Index Figure**” means, subject as provided in Condition 5(c)(iv)(4)(b), the U.K. Retail Price Index (RPI) (for all items) published by the Office for National Statistics (January 1987 = 100) or any comparable index which may replace the U.K. Retail Price Index for the purpose of calculating the amount payable on repayment of the Reference Gilt (the “**RPI**”). Any reference to the Index Figure which is specified in the relevant Final Terms as:

- (i) applicable to a particular month, shall, subject as provided in Conditions 5(c)(iv)(4)(b) and 5(c)(iv)(4)(c), be construed as a reference to the Index Figure published in the seventh month prior to that particular month and relating to the month before that of publication; or
- (ii) applicable to the first calendar day of any month shall, subject as provided in Conditions 5(c)(iv)(4)(b) and 5(c)(iv)(4)(c), be construed as a reference to the Index Figure published in the second month prior to that particular month and relating to the month before that of publication; or
- (iii) applicable to any other day in any month shall, subject as provided in Conditions 5(c)(iv)(4)(b) and 5(c)(iv)(4)(c), be calculated by linear interpolation between (x) the Index Figure applicable to the first calendar day of the month in which the day falls, calculated as specified in sub-paragraph (ii) above and (y) the Index Figure applicable to the first calendar day of the month following, calculated as specified in sub-paragraph (ii) above and rounded to the nearest fifth decimal place.

“**Inflation Index Ratio**” applicable to any month or date, as the case may be, means the Index Figure applicable to such month or date, as the case may be, divided by the Base Index Figure and, notwithstanding Condition 5(g), rounded to the nearest fifth decimal place;

“**Limited Index Ratio**” means (a) in respect of any month or date, as the case may be, prior to the relevant Issue Date, the Inflation Index Ratio for that month or date, as the case may be, (b) in respect of any Limited Indexation Date after the relevant Issue Date, the product of the Limited Indexation Factor for that month or date, as the case may be, and the Limited Index Ratio as previously calculated in respect of the month or date, as the case may be, twelve months prior thereto; and (c) in respect of any other month, the Limited Index Ratio as previously calculated in respect of the most recent Limited Indexation Month;

“**Limited Indexation Date**” means any date falling during the period specified in the relevant Final Terms for which a Limited Indexation Factor is to be calculated;

“**Limited Indexation Factor**” means, in respect of a Limited Indexation Month or Limited Indexation Date, as the case may be, the ratio of the Index Figure applicable to that month or date, as the case may be, divided by the index Figure applicable to the month or date, as the case may be, twelve months prior thereto, provided that (a) if such ratio is greater than the Maximum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Maximum Indexation Factor and (b) if such ratio is less than the Minimum Indexation Factor specified in the relevant Final terms, it shall be deemed to be equal to such Minimum Indexation Factor; “Limited Indexation Month” means any month specified in the relevant Final terms for which a Limited Indexation Factor is to be calculated;

“**Limited Index Linked Instruments**” means Inflation Linked Notes to which a Maximum Indexation Factor and/or a Minimum Indexation Factor (as specified in the relevant Final Terms) applies; and

“**Reference Gilt**” means the Treasury Stock specified as such in the relevant Final terms for so long as such stock is in issue, and thereafter such issue of index-linked Treasury Stock determined to be appropriate by a gilt-edged market maker or other adviser selected by the Issuer (an “**Indexation Advisor**”).

The RPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio or Limited Index Ratio in the case of Limited Index Linked Instruments applicable to the month or date, as the case may be, on which such payment falls to be made.

(b) Changes in Circumstances Affecting the Index

(i) *Change in base:* If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the month from and including that in which such substitution takes effect or the first date from and including that on which such substitution takes effect, as the case may be, (1) the definition of Index and Index Figure in Condition 5(c)(iv)(4)(a) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefor), and (2) the new Base Index Figure shall be the product of the existing Base Index Figure and the Index Figure for the date on which such substitution takes effect, divided by the Index Figure for the date immediately preceding the date on which such substitution takes effect.

(ii) *Delay in publication of Index if sub-paragraph (i) of the definition of Index Figure is applicable:* If the Index Figure which is normally published in the seventh month and which relates to the eighth month (the “**relevant month**”) before the month in which a payment is due to be made is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”), the Index Figure applicable to the month in which the date for payment falls shall be (1) such substitute index figure (if any) as the Indexation Advisor (after

consultation with the Issuer) considers to have been published by the United Kingdom Debt Management Office for the Bank of England, as the case may be, for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by the Indexation Advisor (and approved by the Issuer (acting solely on the advice of the Indexation Advisor)) or (2) if no such determination is made by such Indexation Advisor within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 5(c)(iv)(4)(b)(i)) before the date for payment).

- (iii) *Delay in publication of Index if sub-paragraph (ii) and/or (iii) of the definition of Index Figure is applicable:* If the Index Figure relating to any month (the “**calculation month**”) which is required to be taken into account for the purposes of the determination of the Index Figure for any date is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”), the Index Figure applicable for the relevant calculation month shall be (1) such substitute index figure (if any) as the Indexation Advisor (after consultation with the Issuer) considers to have been published by the United Kingdom Debt Management Office or the Bank of England, as the case may be, for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by the Indexation Advisor (and approved by the Issuer (acting solely on the advice of the Indexation Advisor)) or (2) if no such determination is made by such Indexation Advisor within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 5(c)(iv)(4)(b)(i)) before the date for payment).

(c) Application of Changes

Where the provisions of Condition 5(c)(iv)(4)(b)(ii) or (iii) apply, the determination of the Indexation Advisor as to the Index Figure applicable to the month in which the date for payment falls or the date for payment, as the case may be, shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 5(c)(iv)(4)(b)(ii)(2) or Condition 5(c)(iv)(4)(b)(iii)(2), the Index Figure relating to the relevant month or relevant calculation month, as the case may be, is subsequently published while any Inflation Linked Notes are still outstanding, then:

- (i) in relation to a payment of principal or interest in respect of such Inflation Linked Notes other than upon final redemption of such Inflation Linked Notes, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced, as the case may be, by an amount equal to the shortfall or excess, as the case may be, of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 5(c)(iv)(4)(b)(ii) or Condition 5(c)(iv)(4)(b)(iii)(2) below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the fourteenth business day before the date for payment; and

- (ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.
- (d) Cessation of or Fundamental Changes to the Index
 - (i) If (1) the Issuer has been notified by the Calculation Agent that the Index has ceased to be published or (2) any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the reasonable opinion of the Indexation Advisor (after consultation with the Issuer) be materially prejudicial to the interests of the Issuer, or the Indexation Advisor (after consultation with the Issuer), be materially prejudicial to the interests of the Noteholders, the Indexation Advisor (after consultation with the Issuer) shall make for the purpose of the Inflation Linked Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.
 - (ii) The Index shall be adjusted or replaced by a substitute index as determined by the Indexation Advisor (after consultation with the Issuer), and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Indexation Advisor (after consultation with the Issuer) deem are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Issuer and the Noteholders, and the Issuer shall give notice to the Noteholders in accordance with Condition 15 (*Notices*) of such amendments as promptly as practicable following such notification.
- (d) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the relevant Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the relevant Final Terms.
- (e) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(h)(i)).
- (f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.
- (g) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:**
 - (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y),

calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.

- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be. Unless a higher Minimum Rate of Interest is provided in the relevant Final Terms, the Minimum Rate of Interest (which, for the avoidance of doubt, includes any applicable Margin) shall be deemed to be zero.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Make-Whole Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent or the Make-Whole Calculation Agent, as the case may be, may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, the Calculation Agent or the Make-Whole Calculation Agent shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Make-Whole Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Make-Whole Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Make-Whole Calculation Agent, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market or listed on any other stock exchange and the rules of such Regulated Market or stock exchange so require, such Regulated Market or stock exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of

each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (j) **Calculation Agent and Make-Whole Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents or one Make-Whole Calculation Agent if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 4). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent or the Make-Whole Calculation Agent is unable or unwilling to act as such or if the Calculation Agent or the Make-Whole Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Make-Whole Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) or the Make-Whole Calculation Agent to act as such in its place. The Calculation Agent or the Make-Whole Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided in the applicable Final Terms, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.
- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (c) **Make-Whole Redemption by the Issuer:** If so specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer may, subject to the satisfaction of any refinancing conditions to which the redemption is subject, compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' notice (which notice shall (i) specify the date fixed for redemption, (ii) specify the refinancing conditions to which the redemption is subject (if any) and (iii) be otherwise irrevocable) in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time (but, if a Residual Maturity Call Option is specified in the relevant Final Terms, no later than the Residual Maturity Call Option Date specified in the relevant Final Terms), prior to their Maturity Date (each such date on which the Notes are so redeemed, a "**Make-Whole Redemption Date**") at a price per relevant Specified Denomination of the Notes equal (subject as provided below in the case of a partial redemption in respect of Dematerialised Notes) to their Make-Whole Redemption Amount.

The **“Make-Whole Redemption Amount”** means in respect of each relevant Specified Denomination of the Notes to be redeemed pursuant to this Condition 6(c) an amount calculated by the Make-Whole Calculation Agent equal to the greater of (x) 100 per cent. of the outstanding nominal amount per each relevant Specified Denomination of the Notes so redeemed and, (y) the sum (rounded to the nearest cent of the relevant Specified Currency (with half a cent being rounded upwards)) of the then present values of the remaining scheduled payments of principal and interest per each relevant Specified Denomination of such Notes until the Maturity Date (or, if a Residual Maturity Call Option is specified in the relevant Final Terms, until the Residual Maturity Call Option Date, and assuming for this purpose, that the Notes would otherwise be scheduled to be redeemed in whole on the Residual Maturity Call Option Date pursuant to Condition 6(d)) (not including any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the higher of (A) the Make-Whole Redemption Rate (as specified in the relevant Final Terms) and (B) zero per cent; plus a Make-Whole Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

“Make-Whole Redemption Rate” means

- (i) if “Reference Dealer Quotation” is specified as the method of determination of the Make-Whole Redemption Rate in the relevant Final Terms, the average (rounded to the nearest whole multiple of 0.001%, with 0.0005% being rounded upwards) of such number quotations as are available by the Reference Dealers (or, if only one such quotation is available, such quotation) of the mid-market annual yield to maturity of the Reference Bond (as specified in the relevant Final Terms) (or, if the Reference Bond is no longer outstanding, the Similar Security) at 11.00 a.m. (Paris time) on the third (3rd) business day preceding the Make-Whole Redemption Date, all as determined by the Make-Whole Calculation Agent; or
- (ii) if “Reference Screen Rate” is specified as the method of determination of the Make-Whole Redemption Rate in the relevant Final Terms, the mid-market annual yield to maturity of the Reference Bond (rounded to the nearest whole multiple of 0.001%, with 0.0005% being rounded upwards) displayed on the relevant Reference Screen Page as determined by the Make-Whole Calculation Agent at 11.00 a.m. (Paris time) on the third (3rd) business day preceding the Make-Whole Redemption Date or, if the Reference Screen Page is not available, Reference Dealer Quotation shall apply.

“Reference Dealers” means (unless otherwise specified in the Final Terms) each of the three banks selected by the Make-Whole Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

“Reference Screen Page” means the screen page specified as such in the relevant Final Terms.

“Similar Security” means (unless otherwise specified in the Final Terms) the then outstanding benchmark bond of the issuer (or any other relevant related entity) of the Reference Bond that (i) (to the extent there is any relevant market for new issues of corporate debt securities of comparable maturity to the Maturity Date (or, if a Residual Maturity Call Option is specified in the relevant Final Terms, the Residual Maturity Call Option Date)) would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Maturity Date (or, if a Residual Maturity Call Option is specified in the relevant Final Terms, the Residual Maturity Call Option Date)), or (ii) (where (i) does not apply) has the maturity date falling nearest to the Maturity Date (or, if a Residual Maturity Call Option is specified in the relevant Final Terms, the Residual Maturity Call Option Date)), all as determined by the Calculation Agent and notified (promptly following such determination) by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may only be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed).

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Residual Maturity Call Option:** If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, at any time or from time to time, as from the Residual Maturity Call Option Date (as specified in the relevant Final Terms) (the "**Residual Maturity Call Option Date**") which shall be no earlier than a hundred and eighty (180) calendar days before the Maturity Date, until the Maturity Date, the Notes, in whole or in part, at par together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any arrears of interest).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may only be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed).

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (e) **Redemption at the Option of the Issuer:** If a Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem in relation to, all or, if so provided, some, of the Notes on any Optional Redemption Date (as specified in the relevant Final Terms). Any such redemption of Notes shall be at their optional redemption amount specified in the relevant Final Terms (the "**Optional Redemption Amount**") together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any arrears of interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may only be effected by the application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed).

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (f) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms), redeem such Note on the Optional Redemption Date(s) at its optional redemption amount specified in the relevant Final Terms (the "**Optional Redemption Amount**") together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any arrears of interest).

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it such Notes (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent and the Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (g) **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

- (i) Where the CPI or HICP is specified as the Index applicable in the Final Terms:

$$\text{Final Redemption Amount} = \text{IIR} \times \text{nominal amount of the Notes}$$

“**IIR**” being for the purpose of this Condition 6(g) the ratio determined on the fifth Business Day before the Maturity Date between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

- (ii) Where the UK CPI or the RPI is specified as the Index applicable in the Final Terms:

Final Redemption Amount = Inflation Index Ratio or the Limited Index Ratio, as the case may be, (as defined in Condition 5(c)(iv)(3) or Condition 5(c)(iv)(4), as applicable) \times outstanding nominal amount of the Notes.

- (iii) If the Final Redemption Amount calculated as set out in Conditions 6(g)(i) and 6(g)(ii) above is below par, the Notes will be redeemed at par.

- (h) **Early Redemption:**

- (i) Zero Coupon Notes:

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount, upon redemption of such Note pursuant to Condition 6(i) or Condition 6(m) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.

(B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

(C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(i) or Condition 6(m) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(e). Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

- (ii) Inflation Linked Notes:
- (A) If the relevant Final Terms provides that Condition 6(h)(ii) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount upon redemption of such Notes pursuant to Condition 6(i) or Condition 6(m) or upon it becoming due and payable as provided in Condition 9, or the Optional Redemption Amount in respect of such Notes, as the case may be, will be determined by the Calculation Agent on the following basis:
- (i) where the CPI or HICP is specified as the Index applicable in the Final Terms:
- “Early Redemption Amount” or “Optional Redemption Amount”** = IIR x nominal amount of the Notes
- “**IIR**” being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.
- (ii) where the UK CPI or the RPI is specified as the Index applicable in the Final Terms:
- Early Redemption Amount = Inflation Index Ratio or the Limited Index Ratio, as the case may be, (as defined in Condition 5(c)(iv)(3) or Condition 5(c)(iv)(4), as relevant) × outstanding nominal amount of the Notes.
- (iii) If the Early Redemption Amount calculated as set out in Conditions 6(h)(ii)(A)(i) and 6(h)(ii)(A)(ii) above is below par, the Notes will be redeemed at par.
- (B) If the Inflation Linked Notes (whether or not Condition 6(h)(ii) applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate *per annum* on the basis of the provisions of Condition 5(c)(iv) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the due date for redemption.
- (iii) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 6(i) or Condition 6(m), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any arrears of interest).
- (i) **Redemption for Taxation Reasons**
- (i) If, by reason of any change in, or any change in the official application or interpretation of, French law becoming effective after the Issue Date, the Issuer or, as the case may be, the Guarantor (in respect of the Guarantee), would on the occasion of the next payment of principal or interest due in respect of the Notes, Receipts or Coupons, not be able to make such payment without having to pay Additional Amounts as specified and defined under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time,

subject to having given not more than forty-five (45) nor less than fifteen (15) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem, in whole but not in part, the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer or the Guarantor, as the case may be, could make payment of principal and interest without withholding or deduction for such taxes.

- (ii) If the Issuer or, as the case may be, the Guarantor (in respect of the Guarantee), would on the next payment of principal or interest in respect of the Notes, Receipts or Coupons be prevented by French law from making payment to the Noteholders or, if applicable, the Receiptholders or the Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay Additional Amounts contained in Condition 8 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days' prior notice to the Noteholders in accordance with Condition 15, redeem, in whole but not in part, the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable Interest Payment Date on which the Issuer or the Guarantor, as the case may be, could make payment of the full amount then due and payable in respect of the Notes or, if applicable, Receipts or Coupons, or, if that date is passed, as soon as practicable thereafter.
- (j) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price subject to the applicable laws and regulations. Unless the possibility of holding and reselling is expressly excluded in the relevant Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations.
- (k) **Clean-up Call Option:** If a Clean-up Call Option is specified in the relevant Final Terms and if 75 per cent. or any higher percentage specified in the relevant Final Terms (the "**Clean-up Call Percentage**") of the initial aggregate nominal amount of Notes of the same Series (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) have been redeemed or purchased by, or on behalf of, the Issuer or any of its subsidiaries and, in each case, cancelled, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) days' irrevocable notice in accordance with Condition 15 to the Noteholders redeem the Notes, in whole but not in part, at the Early Redemption Amount together with interest accrued to, but excluding, the date fixed for redemption.
- (l) **Cancellation:** All Notes purchased by or on behalf of the Issuer for cancellation will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer [and the Guarantor] in respect of any such Notes shall be discharged.

(m) **Illegality:** If, by reason of any change in, or any change in the official application of French law becoming effective after the Issue Date, it will become unlawful (i) for the Issuer to perform or comply with one or more of its obligations under the Notes, [or (ii) for the Guarantor to perform or comply with one or more of its obligations under the Guarantee] the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem, in whole but not in part, the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

(n) **Redemption or repurchase at the option of the Noteholders in case of Change of Control:**

If a Put Option in case of Change of Control (as defined below) is specified in the relevant Final Terms, and if a Put Event (as defined below) occurs, each Noteholder will have the option to require the Issuer to redeem or repurchase all or part of the Notes held by such Noteholder on the Put Date (as defined below) at their principal amount together with interest accrued up to but excluding such date of redemption or repurchase. Such option (the "**Put Option in case of Change of Control**") shall operate as set out below.

(A) A "**Put Event**" will be deemed to occur if:

- (i) Any person or group of persons acting in concert or any person or persons acting on behalf of any such person(s) (the "**Relevant Persons**") (a) acquires directly or indirectly more than 50 per cent. of the total voting rights or of the issued ordinary share capital of ENGIE (or any successor entity), (b) acquires directly or indirectly a number of shares in the ordinary share capital of ENGIE carrying more than 40 per cent. of the voting rights exercisable in general meetings of ENGIE and no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held directly or indirectly by such Relevant Person(s) (any such event being a "**Change of Control**"); and
- (ii) on the date notified to the Noteholders by the Issuer in accordance with Condition 15 (the "**Relevant Announcement Date**") that is the earlier of (x) the date of the first public announcement of the Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement, either the Notes or the senior unsecured long-term debt of ENGIE carries from any of Moody's France SAS ("**Moody's**"), S&P Global Ratings Europe Limited ("**S&P**"), or Fitch Ratings Ireland Limited ("**Fitch**") or any of their respective successors to the rating business thereof, or any other rating agency (each a "**Substitute Rating Agency**") of international standing (each, a "**Rating Agency**"):
 - (x) an investment grade credit rating (Baa3/BBB-/BBB-, or equivalent, or better), and such rating from any rating agency is, within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1/BB+/BB+, or equivalent, or worse) or withdrawn and is not, within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such Rating Agency; or
 - (y) a non-investment grade credit rating (Ba1/BB+/BB+, or equivalent, or worse), and such rating from any Rating Agency is within the Change of Control Period either downgraded by one or more notches (for illustration, Ba1/BB+/BB+ to Ba2/BB/BB being one notch) or withdrawn and is not within the Change of Control Period

subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such Rating Agency;

provided that, for the avoidance of doubt,

1. any such decision of the relevant Rating Agency referred to in (x) or (y) above shall not be deemed to have occurred in respect of a particular Change of Control if such Rating Agency does not publicly announce or confirm that such decision was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control; and
 2. if at the time of the occurrence of a Change of Control neither the Notes nor the senior unsecured long-term debt of ENGIE is rated by a Rating Agency, and no Rating Agency assigns within the Change of Control Period an investment grade rating to the Notes, a Put Event will be deemed to have occurred.
- (B) Promptly upon the Issuer [or the Guarantor] becoming aware that a Put Event has occurred the Issuer shall give notice (a “**Put Event Notice**”) to the Noteholders in accordance with Condition 15 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the option contained in this Condition.
- (C) To exercise the Put Option in case of Change of Control to require redemption or repurchase of the Notes, any Noteholder must transfer or cause to be transferred the Notes to be so redeemed or repurchased to the account of any Paying Agent and deliver to the Issuer a duly completed redemption or repurchase notice in writing (a “**Change of Control Put Notice**”), in which such Noteholder will specify a bank account to which payment is to be made under this paragraph, within the period (the “**Put Period**”) of forty-five (45) calendar days after a Put Event Notice is given (except where (i) the Noteholder gives the Issuer written notice of the occurrence of a Put Event of which it is aware and (ii) the Issuer fails to give a Put Event Notice to the Noteholders by close of business of the third (3rd) Business Day after the receipt of such notice from the Noteholder, in which case the Put Period will start from such third Business Day and will end on the day falling forty-five (45) calendar days thereafter).

A Change of Control Put Notice once given shall be irrevocable. The Issuer shall redeem or repurchase the Notes in respect of which the Put Option in case of Change of Control has been validly exercised as provided above and subject to the transfer of the Notes, on the date which is the fifth (5th) Business Day following the end of the Put Period (the “**Put Date**”). Payment in respect of such Notes will be made by transfer to the bank account specified in the Change of Control Put Notice.

- (D) For the purposes of this Condition:

“**Change of Control Period**” means the period commencing on the Relevant Announcement Date, and ending 180 calendar days (inclusive) after the occurrence of the relevant Change of Control (or such longer period for which the Notes or the senior unsecured long-term debt of ENGIE are under consideration (such consideration having been announced publicly within the period ending 120 calendar days after the occurrence of the relevant Change of Control) for rating review or, as the case may be, rating by, a Rating Agency, such period not to exceed 60 calendar days after the public announcement of such consideration);

“**Relevant Potential Change of Control Announcement**” means any public announcement or statement by the Issuer, ENGIE or any Relevant Person thereto relating to any potential Change of Control.

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Euroclear France Account Holders for the benefit of the Noteholders or (in the case of Dematerialised Notes in fully registered form) to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Euroclear France Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank. No payments in respect of Materialised Bearer Notes shall be made by transfer to an account in, or mailed to an address in, the United States.
- “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the T2.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer [or the Guarantor, if payment is being made under the Guarantee].
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders, Receiptholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Registration Agent, the Redenomination Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Registration Agent, the Redenomination Agent and the Consolidation Agent act solely as agents of each Issuer and the Calculation Agent(s) and the Make-Whole Calculation Agent act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the

appointment of the Fiscal Agent, any other Paying Agent, the Registration Agent, the Redenomination Agent and the Consolidation Agent, the Calculation Agent(s) or the Make-Whole Calculation Agent and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) and a Make-Whole Calculation Agent where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) in the case of Dematerialised Notes in fully registered form a Registration Agent, (v) Paying Agents having specified offices in at least two major European cities and (vi) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed.

In addition, the Issuer [(or the Guarantor, if payment is being made under the Guarantee)] shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) **Unmatured Coupons and Receipts and unexchanged Talons:**

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount, Optional Redemption Amount or Make-Whole Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Materialised Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any such Note is presented for redemption without any

unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer [and the Guarantor, as the case may be,] may require.

- (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any arrears of interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in euro, which is a T2 Business Day.

8 Taxation

- (a) **Taxation:** All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional amounts:** If applicable law should require that payments of principal, interest or other assimilated revenues made by the Issuer in respect of any Note, Receipt or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges whatsoever levied by France, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts (“**Additional Amounts**”) as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:
 - (i) **Other connection:** to, or to a third party on behalf of, a Noteholder, a Receiptholder or a Couponholder who is (i) entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption to the financial intermediary, the Issuer or the competent tax authority; or (ii) liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with France other than the mere holding of the Note, Receipt or Coupon; or

- (ii) **Presentation more than thirty (30) calendar days after the Relevant Date:** (in the case of Materialised Notes) presented for payment more than thirty (30) calendar days after the Relevant Date except to the extent that the Noteholder, Receiptholder or Couponholder would have been entitled to such Additional Amounts on presenting it for payment on the thirtieth (30th) such day.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of arrears of interest, references to “**becomes due**” shall be interpreted in accordance with the provisions of Condition 5(f)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven (7) days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Make-Whole Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all arrears of interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any Additional Amounts that may be payable under this Condition.

9 Events of Default

The following will be Events of Default (each, an “**Event of Default**” with respect to any Note):

- (a) the Issuer defaults in any payment when due of principal or interest on any Note [and the Guarantor defaults in any payment when due under the Guarantee] (including the payment of any Additional Amounts pursuant to the provisions set forth under “**Taxation**” above); or
- (b) there is a default by the Issuer [or the Guarantor] in the due performance of any other provision of the Notes [or the Guarantee, as the case may be], and such default shall not have been cured within thirty (30) Business Days (as defined in Condition 5(a)) after receipt by the Fiscal Agent of written notice of default given by (i) the Representative upon request of the Noteholder or (ii) if the relevant Final Terms specify “*No Masse*”, any Noteholder; or
- (c) the Issuer [or the Guarantor] (i) shall fail to make one or more payments when due or within any applicable grace period on any indebtedness for money borrowed or guarantee of the indebtedness for money borrowed of another party in an aggregate principal amount of at least Euro 250,000,000 (or, in each case, the equivalent in another currency) and (ii) (other than where the due date for such defaulted payment is the stated maturity) such indebtedness shall have been accelerated;
- (d) the Issuer [or the Guarantor] (i) becomes insolvent or (ii) is subject to a judgment rendered for its judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole or part of the business (*cession totale ou partielle de l'entreprise*) or (iii) is subject to any analogous proceedings under any applicable law; or
- (e) the Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect].

Whenever an Event of Default shall have occurred and be continuing during seven (7) calendar days, (i) the acting Representative (as defined in Condition 11(c)(i) or 11(d) (i), as the case may be) or (ii) if the relevant Final Terms specify “*No Masse*”, any Noteholder acting in respect of the Notes it holds may, by written notice to the Issuer and the Fiscal Agent declare the Notes to be due and payable at their principal amount together with

any accrued interest thereon, if any, upon the date that written notice is received by or on behalf of the Issuer and the Fiscal Agent. If an Event of Default specified in paragraph (d) occurs, the Notes will be immediately due and payable at their principal amount together with any accrued interest thereon, if any, without any declaration or other act on the part of any Noteholder.

10 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Meeting and Voting Provisions

In respect of meetings of, and voting by, the Noteholders the following shall apply:

and further subject to the following provisions:

(iii) ***Powers of the General Meetings***

The General Meeting may act with respect to any matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

For the avoidance of doubt, each Noteholder is entitled to bring a legal action against the Issuer for the defence of its own interests; such a legal action does not require the authorisation of the General Meeting.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

For the avoidance of doubt, no Resolution shall be required in relation to (i) the modification of the object or corporate form of the Issuer, (ii) the issue of Notes benefiting from a security over assets (*sûreté réelle*) or (iii) the potential merger (*fusion*) or demerger (*scission*), including partial assets contribution under the demerger regime (*apports partiels d'actifs soumis au régime des scissions*) of or by the Issuer. However, each Noteholder will have the benefit, pursuant to Article L. 213-6-3 IV of the French *Code monétaire et financier* of all the rights and prerogatives of individual creditors (*créanciers non obligataires*) in the circumstances described therein, including the right to object (*former opposition*).

For the further avoidance of doubt, the General Meeting may appoint a nominee to file a proof of claim in the name of all Noteholders in the event of judicial reorganisation procedure or judicial liquidation of the Issuer. In the absence of such appointment of a nominee, the judicial representative (*mandataire judiciaire*), at its own initiative or at the request of any Noteholder will ask the court to appoint a representative of the Noteholders who will file the proof of Noteholders' claim.

(iv) ***Convening of a General Meeting***

A General Meeting may be held at any time, on convocation by the Issuer. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer a demand for convocation of the General Meeting. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Nanterre to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 15 not less than fifteen (15) calendar days prior to the date of such General Meeting on first convocation, and five (5) calendar days on second convocation.

(v) **Arrangements for voting**

Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence or by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant account holder of the name of such Noteholder as of 0:00, Paris time, on the second (2nd) business day in Paris preceding the date set for the meeting of the relevant general assembly.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

(vi) **Chairman**

The Noteholders present at a General Meeting shall choose one of them to be chairman (the “**Chairman**”) by a simple majority of votes present or represented at such General Meeting (notwithstanding the absence of a quorum at the time of such vote). If the Noteholders fail to designate a Chairman, the Noteholder holding or representing the highest number of Notes and present at such meeting shall be appointed Chairman, failing which the Issuer may appoint a Chairman. The Chairman of an adjourned meeting need not be the same person as the Chairman of the original meeting from which the adjournment took place.

(vii) **Quorum, adjournment and voting**

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

(viii) **Written Resolution and Electronic Consent**

- (A) Pursuant to Article L. 228-46-1 of the French *Code de commerce*, in respect of any Series of Dematerialised Notes only, the Issuer shall be entitled, in lieu of convening a General Meeting, to seek approval of a resolution from the Noteholders by way of a Written Resolution. Subject to the following sentence, a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Article R. 223-20-1 of the French *Code de commerce*, approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).

PRO-FORMA OF THE GUARANTEE OF ENGIE IN RESPECT OF SENIOR NOTES

The following is the pro-forma of the guarantee that ENGIE is expected to issue in connection with the substitution of Issuer provided under Condition 16 (Substitution of the Issuer) of the Terms and Conditions of the Senior Notes:

The undersigned ENGIE, a public limited liability company (a *société anonyme*) with a share capital of €[●] whose head-office is located at 1, place Samuel de Champlain, 92400 Courbevoie, France, represented by [●], duly authorised to deliver this guarantee (the “**Guarantee**”) by [●] hereinafter referred to as the “**Guarantor**” or “**ENGIE**”, hereby refers to:

- (A) The following Series of Euro Medium Term Notes (together, the “**Notes**”), which have been issued by ENGIE under a Euro Medium Term Notes Programme in the aggregate nominal amount of Notes outstanding not exceeding at any time €40,000,000,000 (or the equivalent in any other currencies) (the “**Programme**”):

[briefly describe Series of Notes issued in respect of which the Issuer has been substituted];

- (B) the terms and conditions of the Notes (the “**Terms and Conditions**” or, with respect to a particular numbered condition, a “**Condition**”), and in particular Condition 16 (*Substitution of the Issuer*);
- (C) the amended and restated agency agreement (as amended or supplemented from time to time, the “**Agency Agreement**”) dated 3 June 2024 between ENGIE as Issuer, Citibank, N.A., London Branch as fiscal agent and the other agents named in it;
- (D) the amended and restated dealer agreement (as amended or supplemented from time to time, the “**Dealer Agreement**” and together with the Agency Agreement, the “**Agreements**”) dated 3 June 2024 entered into between ENGIE as Issuer and the Permanent Dealers and the Arranger,
- (E) the transfer by ENGIE to [●], a company incorporated under the laws of [●], which as of the transfer date is a fully consolidated subsidiary of ENGIE and whose head-office is located at [●] (the “**Substituted Issuer**”) of all (but not some only) of the rights, obligations and liabilities of ENGIE under the Notes (including any further notes issued in accordance with Condition 14 (*Further Issues and Consolidation*)), Receipts and Coupons, as of [●].

The Guarantor hereby declares being fully aware of all the Terms and Conditions, the Agreements and the Programme.

In this context, the Guarantor hereby irrevocably and unconditionally guarantees up to a maximum outstanding principal amount of €[●], pursuant to an autonomous obligation (*garantie autonome*), to the holders of the Notes transferred to the Substituted Issuer (the “**Noteholders**”) the payment of interest and principal of the Notes. The Guarantor thus undertakes within two (2) business days of first written demand to pay to the Noteholder an amount certified from time to time in a certificate (a “**Demand Certificate**”) that:

- (i) corresponds to interest on or principal of the Notes, or any other amount capable of falling due under the Notes (including any Additional Amounts required to be paid pursuant to the terms of the Notes); and
- (ii) has not been paid on the due date (whether at maturity, upon redemption by acceleration of maturity or otherwise) by the Substituted Issuer and remains due and owing on the date of the Demand Certificate.

This Guarantee is independent and constitutes an autonomous obligation (*garantie autonome*) of the Guarantor towards the Noteholders governed by Article 2321 of the French *Code civil* and the Guarantor may not invoke any defence that the Substituted Issuer could assert against a Noteholder including the unenforceability or invalidity of any obligation of the Substituted Issuer under the Notes. The Guarantor hereby waives any requirement that the Noteholders, in the event of any default in payment by the Substituted Issuer, first makes

demand upon or seeks to enforce remedies against the Substituted Issuer before seeking to enforce this Guarantee. The Guarantor also waives any consent, extension (whether express or implied) or amendment of any of the terms of the Notes, any consolidation, merger, conveyance or transformation of the Substituted Issuer or any of its assets, or any other circumstance that might constitute a defence or discharge of a guarantor.

This Guarantee constitutes an unconditional, unsecured and unsubordinated obligation of the Guarantor and ranks and will at all times rank (save for certain exceptions required to be preferred by law) equally with all other present or future unsecured and unsubordinated indebtedness, obligations and guarantees of the Guarantor.

So long as any of the Notes or, if applicable, any Receipts or Coupons relating to them, remains outstanding (as defined in the Agency Agreement), the Guarantor will not grant any mortgage (*hypothèque*), pledge or other form of security interest (*sûreté réelle*) which is not created over cash on any of its present or future tangible assets, intangible assets or revenues in each case for the benefit of holders of other negotiable bonds, notes or debt securities it guarantees and having an original maturity of more than one (1) year, which are, or which are capable of being quoted, listed or ordinarily dealt with on any stock exchange, without granting the same ranking security to the Notes.

None of the above shall prevent the Guarantor from securing any present or future indebtedness for the benefit of holders of other negotiable bonds, notes or debt instruments it guarantees and which are, or are capable of being, quoted, listed, or ordinarily dealt with on any stock exchange, where such indebtedness is incurred for the purpose of, and the proceeds thereof are used in, (i) the purchase of an asset and such security is provided over or in respect of such asset or (ii) the refinancing of any indebtedness incurred for the purpose of (i) above, provided that the security is provided over or in respect of the same asset.

For so long as any amount remains payable in respect of the Notes, the Guarantor will not exercise any right of subrogation against the Substituted Issuer pursuant to this Guarantee or take any other action that would result in asserting claims of the Guarantor at the same time as claims of the Noteholders.

If the Guarantor should be compelled by law to make any deduction for or on account of any present or future taxes, duties, fees or imposts, of whatsoever nature, imposed or levied by French law, it shall pay, to the extent not prohibited by French law, such Additional Amounts as may be necessary in order that the Noteholders receive, after such deduction, the amount provided in such Notes to be then due and payable.

This Guarantee shall remain in full force and effect until all of the Substituted Issuer's payment obligations arising under the Notes have been fully and irrevocably performed. Upon transfer of any of the Notes, this Guarantee will automatically pass to the new holder of such Notes. This Guarantee is governed by, and shall be construed in accordance with, French law. Any claim against the Guarantor in connection with the Guarantee may be brought before any competent court located within the jurisdiction of the registered office of the Issuer. Notice of any action or proceeding may be served on the Guarantor, for the attention of: [*Chief Financial Officer*, at its registered and principal office, 1, place Samuel de Champlain, 92400 Courbevoie, France].

Terms used but not defined herein shall have the meaning given to them in the Terms and Conditions as set out in the Base Prospectus of the Issuer dated 3 June 2024 relating to the Programme.

Signed in Paris on [●] in two (2) originals, one for the Guarantor and one for the Fiscal Agent under the above referred Programme.

- (b) **Denomination(s)**: Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms save that the minimum denomination of each Note admitted to trading on a Regulated Market will be €100,000, and if the Notes are denominated in a currency other than euro, the equivalent amount in each such currency (the “**Specified Denomination(s)**”), or such higher amount as may be allowed or required from time to time by the relevant monetary or financial authority or any applicable laws or regulations. Dematerialised Notes shall be issued in one Specified Denomination only.

(c) **Title**

- (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes. - (iv) In these Conditions, “**holder of Notes**” or “**holder of any Note**” or “**Noteholder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Euroclear France Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive

Materialised Bearer Note and the Coupons, or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least thirty (30) calendar days' notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community, as amended from time to time (the "**Treaty**")) or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Coupon or Talon, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 15 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

(e) **Method of issue**

The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

2 Conversion and Exchanges of Notes

2. commencing on the relevant Resetable Note Reset Date,

which appears on the Relevant Screen Page; or

(ii) if “Mean Mid-Swap Rate” is specified in the applicable Final Terms, the arithmetic mean (expressed as a percentage rate *per annum* and rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the bid and offered swap rate quotations for swaps in the Specified Currency:

1. with a term equal to the relevant Reset Period; and
2. commencing on the relevant Resetable Note Reset Date,

which appears on the Relevant Screen Page;

in either case, as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on such Reset Determination Date, all as determined by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms).

If on any Reset Determination Date, the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page (other than as a result of a Mid-Swap Rate Discontinuation), the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms) shall request each of the relevant Reference Banks (as defined below) to provide the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms) with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If on any Reset Determination Date at least three of the Reference Banks provide the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms) with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest (or, in the event of equality, one of the lowest) and the applicable Margin(s), all as determined by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms).

If on any Reset Determination Date only two of the Reference Banks provide the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms) with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded as aforesaid) of the relevant Mid-Market Swap Rate Quotations and the applicable Margin(s), all as determined by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms).

If on any Reset Determination Date only one of the Reference Banks provides the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms) with a Mid-Market Swap Rate Quotation, the First Reset Rate of Interest or the relevant Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the relevant Mid-Market Swap Rate Quotation provided plus the applicable Margin(s), all as determined by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms).

If on any Reset Determination Date none of the Reference Banks provides the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms) with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition, the First Reset Rate of Interest or the relevant Subsequent Reset Rate of Interest (as applicable) shall be determined by using the Mid-Swap Rate of the last preceding Resettable Note Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be determined by using the Initial Reset Reference Rate as relevant Mid-Swap Rate.

However, notwithstanding the above, in the case of a Mid-Swap Benchmark Event, Condition 5(c)(ii) below shall apply.

“Initial Reset Reference Rate” means the initial reset reference rate of interest specified as such in the relevant Final Terms.

“Mid-Market Swap Rate” means for any Reset Period the mean of the bid and offered rates for the fixed leg payable with frequency equivalent to the frequency with which scheduled interest payments are payable on the Notes during the relevant Reset Period (calculated on the basis of the Day Count Fraction specified in the relevant Final Terms as determined by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms)) of a fixed-for-floating interest rate swap transaction in the Specified Currency which transaction (i) has a term equal to the relevant Reset Period and commencing on the relevant Reset Date, (ii) is in an amount that is representative for a single transaction in the relevant market at the relevant time with an acknowledged dealer of good credit in the swap market and (iii) has a floating leg based on the Mid-Swap Floating Leg Benchmark Rate for the Mid-Swap Maturity (each as specified in the applicable Final Terms) (calculated on the basis of the Day Count Fraction specified in the relevant Final Terms as determined by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms)).

“Mid-Market Swap Rate Quotation” means a quotation (expressed as a percentage rate per annum) for the relevant Mid-Market Swap Rate.

“Mid-Swap Floating Leg Benchmark Rate” has the meaning specified as such in the applicable Final Terms.

“Mid-Swap Maturity” has the meaning specified as such in the applicable Final Terms.

“Reference Banks” means in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market or, if so specified in the relevant Final Terms, the principal offices of four major banks in the relevant inter-bank market, in each case selected by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms).

“Reset Determination Date” means, in respect of the First Reset Period, the second Business Day prior to the First Reset Date, in respect of the first Subsequent Reset Period, the second Business Day prior to the Second Reset Date and, in respect of each Reset Period thereafter, the second Business Day prior to the first day of each such Reset Period.

“Reset Period” means the First Reset Period or a Subsequent Reset Period.

“Resettable Note Reset Date” means the First Reset Date, the Second Reset Date and every Subsequent Reset Date as specified in the relevant Final Terms provided, however, that if the date specified in the relevant Final Terms is not a Business Day, then such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day.

“Second Reset Date” means the date specified as such in the relevant Final Terms; provided, however, that if the date specified in the relevant Final Terms is not a Business Day, then such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day.

“**Subsequent Reset Period**” means the period from (and including) the Second Reset Date to (but excluding) the next Resettable Note Reset Date, and each successive period from (and including) a Resettable Note Reset Date to (but excluding) the next succeeding Resettable Note Reset Date.

“**Subsequent Reset Rate of Interest**” means, in respect of any Subsequent Reset Period and subject to Condition 5(c)(ii) below, the rate of interest being determined by the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms) on the relevant Reset Determination Date as the sum of the relevant Mid-Swap Rate plus the applicable Margin as specified in the relevant Final Terms.

(ii) **Mid-Swap Rate Discontinuation**

If a Mid-Swap Benchmark Event occurs in relation to an Original Mid-Swap Rate at any time when the Terms and Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Mid-Swap Rate, then the following provisions shall apply and prevail over the other fallbacks specified in Condition 5(c)(i) above.

(A) **Independent Adviser**

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Mid-Swap Rate, failing which an Alternative Mid-Swap Rate (in accordance with Condition 5(c)(ii)(B)) and, in either case, a Mid-Swap Adjustment Spread, if any (in accordance with Condition 5(c)(ii)(C)) and any Mid-Swap Benchmark Amendments (in accordance with Condition 5(c)(ii)(D)).

An Independent Adviser appointed pursuant to this Condition 5(c)(ii) shall act in good faith as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party, having the necessary expertise and being independent of the Issuer, responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this 5(c)(ii).

(B) **Successor Mid-Swap Rate or Alternative Mid-Swap Rate**

If the Independent Adviser determines in good faith that:

- (1) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in Condition 5(c)(ii)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(ii)); or
- (2) there is no Successor Mid-Swap Rate but that there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in Condition 5(c)(ii)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(ii)).

(C) **Mid-Swap Adjustment Spread**

If the Independent Adviser determines in good faith (i) that a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate

(as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable).

(D) Mid-Swap Benchmark Amendments

If any Successor Mid-Swap Rate, Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 5(c)(ii) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions of the Notes are strictly necessary to ensure the proper operation of such Successor Mid-Swap Rate, Alternative Mid-Swap Rate and/or Mid-Swap Adjustment Spread (such amendments, the “**Mid-Swap Benchmark Amendments**”) and (B) the terms of the Mid-Swap Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(ii)(E), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(c)(ii)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notification of Rate of Interest for Resettable Notes

Any Successor Mid-Swap Rate, Alternative Mid-Swap Rate, Mid-Swap Adjustment Spread and the specific terms of any Mid-Swap Benchmark Amendments, determined under this Condition 5(c)(ii) will be notified promptly by the Issuer, after receiving such information from the Independent Adviser, to the Fiscal Agent, the Calculation Agent (or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms), the Paying Agents, the Make-Whole Calculation Agent, the Representative (if any) and, in accordance with Condition 15, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

(F) Fallbacks

Notwithstanding any other provision of this Condition 5(c)(ii), no Successor Mid-Swap Rate or Alternative Mid-Swap Rate will be adopted, nor will the applicable Mid-Swap Adjustment Spread be applied, nor will any other related adjustments and/or amendments to the Terms and Conditions of the Notes be made, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to (i) result in a reduction of the amount of “equity credit” (or such other nomenclature that the relevant Rating Agency may then use to describe the degree to which an instrument exhibits the characteristics of an ordinary share) assigned to the Notes by any Rating Agency when compared to the “equity credit” assigned to the Notes immediately prior to the occurrence of the relevant Mid-Swap Benchmark Event from such Rating Agency or (ii) otherwise prejudice the eligibility of the Notes for “equity credit” from any Rating Agency.

If, following the occurrence of a Mid-Swap Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Reset Determination Date, no Independent Adviser has been appointed or no Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable) is determined pursuant to this provision, the

Original Mid-Swap Rate will continue to apply for the purpose of determining such Rate of Interest on such Reset Determination Date, with the effect that the fallback provisions provided in Conditions 5(c)(i) will continue to apply to such determination.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(ii) *mutatis mutandis*, on one or more occasions until a Successor Mid-Swap Rate or Alternative Mid-Swap Rate (and, if applicable, any associated Mid-Swap Adjustment Spread and/or Mid-Swap Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(ii)(E) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions, that is, for the avoidance of doubt, the fallbacks specified in Conditions 5(c)(i) will continue to apply.

(G) Definitions

In this Condition 5(c)(ii):

“**Alternative Mid-Swap Rate**” means, in the absence of Successor Mid-Swap Rate, an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 5(c)(ii) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period (if there is such a customary market usage at such time) and in the same Specified Currency as the Notes.

“**Independent Adviser**” means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise, at all times acting in good faith and in a commercially reasonable manner, appointed by the Issuer at its own expense under Condition 5(c)(ii).

“**Mid-Swap Adjustment Spread**” means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) and is the spread, formula or methodology which:

- a) in the case of a Successor Mid-Swap Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate by any Relevant Nominating Body; or
- b) in the case of an Alternative Mid-Swap Rate (or in the case of a Successor Mid-Swap Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Mid-Swap Rate, where such rate has been replaced by the Alternative Mid-Swap Rate (or, as the case may be, the Successor Mid-Swap Rate);
- c) if no such recommendation or option has been made (or made available), the Independent Adviser determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original

Mid-Swap Rate, where such rate has been replaced by the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be); or

- d) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage and that no such industry standard is recognised or acknowledged, the Independent Adviser, acting in good faith, determines to be appropriate to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be).

“Mid-Swap Benchmark Event” means, with respect to an Original Mid-Swap Rate:

- a) the Original Mid-Swap Rate ceasing to exist or be published for a period of at least 5 Business Days or ceasing to exist; and/or
- b) a public statement or publication of information by or on behalf of the administrator of the Original Mid-Swap Rate, announcing that it has ceased or will cease to provide the Original Mid-Swap Rate, permanently or indefinitely (provided that, at that time, there is no successor administrator that has been appointed and will continue to provide the Original Mid-Swap Rate); and/or
- c) a public statement or publication of information by the regulatory supervisor of the Original Mid-Swap Rate, the central bank for the currency of the Original Mid-Swap Rate, an insolvency official with jurisdiction over the administrator of the Original Mid-Swap Rate, a resolution authority with jurisdiction over the administrator for the Original Mid-Swap Rate, or a court or an entity with similar insolvency or resolution authority over the administrator of the Original Mid-Swap Rate, which states that the administrator of the Original Mid-Swap Rate, has ceased or will cease to provide the Original Mid-Swap Rate, permanently or indefinitely (provided that, at that time, there is no successor administrator that will continue to provide the Original Mid-Swap Rate); and/or
- d) a public statement or publication of information by the supervisor of the administrator of the Original Mid-Swap Rate has been or will be prohibited from being used, either generally or in respect of the Notes, or that its use will be subject to restrictions or adverse consequences; and/or
- e) a public statement by the supervisor of the administrator of the Original Mid-Swap Rate that, in the view of such supervisor, such Original Mid-Swap Rate is no longer representative of an underlying market or that its method of calculation has significantly changed; and/or
- f) it has or will become unlawful for the Issuer, the party responsible for determining the Interest Rate (being the Calculation Agent or any other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms), or any Paying Agent to calculate any payment due to be made to any Noteholder using the Original Mid-Swap Rate (including, without limitation, under the Benchmarks Regulation); and/or

that a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation of any benchmark administrator previously authorised to publish such Original Mid-Swap Rate has been adopted;

provided that, the Benchmark Event shall occur on the earlier of (x) the dates of the events announced by the public statements or publications referenced in sub-paragraphs (b), (c), (d), (e) or referenced in (f) or (y) within the six months following the dates of such statements, publications, or events, as the case may be.

“**Original Mid-Swap Rate**” means benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes as specified in the relevant Final Terms.

“**Relevant Nominating Body**” means, in respect of a benchmark or screen rate (as applicable):

- a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof.

“**Successor Mid-Swap Rate**” means a successor to or replacement of the Original Mid-Swap Rate which is formally recommended by any Relevant Nominating Body. If, following a Mid-Swap Benchmark Event, more than one successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser will determine, among those successor or replacement rates, the one which is the most appropriate, taking into consideration, without limitation, the particular features of the relevant Notes and the nature of the Issuer.

(d) **Interest on Floating Rate Notes:**

- (i) **Interest Payment Dates:** Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear (except as otherwise provided in the relevant Final Terms) on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) **Business Day Convention:** If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified in the relevant Final Terms is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day

of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) **Rate of Interest for Floating Rate Notes:** The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- I. the “**Floating Rate Option**” is as specified in the relevant Final Terms;
- II. the “**Designated Maturity**” is a period specified in the relevant Final Terms;
- III. the relevant “**Reset Date**” is the first (1st) day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms;
- IV. the relevant “**Fixing Day**” is the date specified in the applicable Final Terms or, in the absence thereof, as defined in the ISDA Definitions;
- V. the “**Effective Date**” is, unless otherwise specified in the applicable Final Terms, the Interest Commencement Date;
- VI. the “**Termination Date**” is, unless otherwise specified in the applicable Final Terms, the last date of the last occurring Interest Accrual Period;
- VII. the relevant “**Calculation Period**” is as specified in the applicable Final Terms or, in the absence thereof, as defined in the ISDA Definitions for which purpose references to “Effective Date” and “Period End Date” (in the ISDA Definitions) shall be deemed to be to, respectively, the Issue Date and any last day of the last occurring Interest Accrual Period (as defined in these Conditions); and
- VIII. if the Floating Rate Option specified in the Final Terms is an Overnight Floating Rate Option and Compounding is specified as applicable in the applicable Final Terms:
 - the relevant Reset Date is the last day of the last occurring Interest Accrual Period, unless otherwise specified in the Final Terms;
 - Delayed Payment will be applicable if specified as such in the Final Terms, and if so, the applicable number of days is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, five (5);

- OIS Compounding will be applicable if specified as such in the Final Terms;
- Compounding with Lookback will be applicable if specified as such in the Final Terms, and if so, the “**Lookback**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Lookback” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5);
- Compounding with Observation Period Shift will be applicable if specified as such in the Final Terms, and if so, Set in Advance will be applicable if specified as such in the Final Terms, “**Observation Period Shift Additional Business Day**” is as specified in the Final Terms, and the “**Observation Period Shift**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Observation Period Shift” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5); and
- Compounding with Lockout will be applicable if specified as such in the Final Terms, and if so, “**Lockout Period Business Day**” is as specified in the Final Terms and the “**Lockout**” is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Lockout” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5).

For the purposes of this sub-paragraph (A), except as otherwise defined in such sub-paragraph, “**Calculation Agent**”, “**Compounding with Lockout**”, “**Compounding with Lookback**”, “**Compounding with Observation Period Shift**”, “**Delayed Payment**”, “**Designated Maturity**”, “**Effective Date**”, “**Floating Rate Option**”, “**Floating Rate**”, “**Lockout Period Business Day**”, “**Lockout**”, “**Lookback**”, “**Observation Period Shift**”, “**OIS Compounding**”, “**Overnight Floating Rate Option**”, “**Period End Date**”, “**Set in Advance**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

The provisions relating to “Linear Interpolation” set out in the ISDA Definitions shall apply to an ISDA Rate where “*2021 ISDA Definitions Linear Interpolation*” is specified as applicable in the applicable Final Terms. For such purpose, references to “Relevant Rate” under the ISDA Definitions shall be deemed to be references to the ISDA Rate.

(B) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:
 - (1) the offered quotation; or
 - (2) the arithmetic mean of the offered quotations,
 (expressed as a percentage rate *per annum*) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or any other such page as

may replace that page on the relevant service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) as at either 11.00 a.m. (Brussels time) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the relevant Final Terms as being other than EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon.

- (b) if the Relevant Screen Page is not available or, if sub-paragraph (a)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (a)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate

of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period), except that if a Benchmark Event occurs, then the Reference Rate will be determined in accordance with Condition 5(d)(iii)(C) below.

- (d) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being the EUR CMS, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered quotation (expressed as a percentage rate *per annum*) for EUR CMS or for the combination based on EUR CMS as set out in the formula below, relating to the relevant maturity (the relevant maturity year mid swap rate in EUR (annual 30/360)), which appears on the Relevant Screen Page, being Reuters page “ISDAFIX 2” under the heading “EURIBOR Basis”, as at 11.00 a.m. Frankfurt time, in the case of the EUR-ISDA-EURIBOR Swap Rate-11:00 on the Interest Determination Date in question plus or minus (as indicated in the relevant Final Terms) the Margin (if any), all as determined by the Calculation Agent.

EUR CMS combination formula:

$$m \times \text{EUR CMS}[\textit{specify maturity}] [+/-/\times] n \times \text{EUR CMS}[\textit{specify maturity}]$$

Where each of “**m**” and “**n**” means the number specified in the relevant Final Terms.

Notwithstanding anything to the contrary in this Condition 5, in the event that the Reference Rate does not appear on the Relevant Screen Page, the Calculation Agent shall determine on the relevant Interest Determination Date the applicable rate based on quotations of five Reference Banks (to be selected by the Calculation Agent and the Issuer) for EUR CMS relating to the relevant maturity (in each case the relevant mid-market annual swap rate commencing two (2) T2 Business Days following the relevant Interest Determination Date). The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the Reference Rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

If, for any reason, the Reference Rate is no longer published or if fewer than three quotations are provided to the Calculation Agent in accordance with the above paragraph, the Reference Rate will be determined by the Calculation Agent.

- (e) When €STR is specified as the Reference Rate in the Final Terms in respect of the Floating Rate Notes, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times \Omega_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

If the €STR is not published, as specified above, on any particular T2 Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such T2 Business Day shall be the rate equal to €STR in respect of the last T2 Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular T2 Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate of €STR for each T2 Business Day in the relevant Observation Period on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each T2 Business Day in the relevant Observation Period on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each T2 Business Day in the relevant Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 15.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each T2 Business Day in the relevant Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

“**SONIA_{i-pLBD}**” for any London Banking Day “**i**” in the relevant Interest Accrual Period, is equal to the SONIA in respect of the London Banking Day falling “**p**” London Banking Days prior to the relevant London Banking Day “**i**”.

“**SONIA-SHIFT-COMPOUND**” means the rate of return of a daily compounded interest investment (it being understood that the reference rate for the calculation of interest is the Sterling daily overnight reference) which will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_i \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

Where:

“**d**” is the number of calendar days in the relevant Observation Period;

“**d₀**” for any Observation Period, means the number of London Banking Days in the relevant Observation Period;

“**i**” is a series of whole numbers from one to **d₀**, each representing the relevant London Banking Day in chronological order from (and including) the first London Banking Day in the relevant Observation Period;

“**Observation Period**” means, in respect of each Interest Accrual Period, the period from (and including) the date falling a number of London Banking Days equal to the Observation Shift Days preceding the first day of the such Interest Accrual Period to (but excluding) the date falling a number of London Banking Days equal to the Observation Shift Days preceding the Interest Payment Date for such Interest Accrual Period;

“**Observation Shift Days**” means the number of London Banking Days specified in the relevant Final Terms; and

“**SONIA**”, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (SONIA) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, in each case on the London Banking Day immediately following such London Banking Day; and

“**SONIA_i**” for any London Banking Day “**i**” in the relevant Observation Period, is equal to SONIA in respect of that day “**i**”.

If, in respect of that London Banking Day “**i-pLBD**” or “**i**”, as applicable, the Calculation Agent determines that the SONIA is not available on the Relevant Screen Page (the “**SONIA Screen Page**”) or has not otherwise been published by the relevant authorised distributors, such SONIA shall be:

- (1) (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five (5) days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate (the “**SONIA Replacement Rate**”); or
- (2) if such Bank Rate is not available, the SONIA published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking

Day on which the SONIA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or, if more recent, the latest rate determined under (1) above.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on, and excluding, the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

(C) Benchmark discontinuation

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, but not in respect of €STR or SONIA, and notwithstanding anything to the contrary in Condition 5(d)(iii)(B) above, if the Issuer determines in good faith at any time prior to, on or following any Interest Determination Date, that a Benchmark Event occurs in relation to the Original Reference Rate at any time prior to, on or following any Interest Determination Date, the Issuer shall use reasonable endeavours to appoint (at its own cost) an Independent Adviser as soon as reasonably practicable (and in any event prior to the next relevant Interest Determination Date), which, acting in good faith and in a commercially reasonable manner and as an independent expert in the performance of its duties, will determine if a substitute or successor rate is available for purposes of determining the Reference Rate on each Interest Determination Date falling on such date or thereafter that is substantially comparable to the Original Reference Rate.

In this context, the Independent Adviser will in particular determine if there is a rate that is formally recommended by a Relevant Nominating Body, which will be considered an industry accepted successor rate.

It is further specified that if there is two or more industry successor rates recommended by the above-mentioned authority, institution or working groups, the Independent Adviser shall determine which of those successor rates is most appropriate for the purpose of formulating its advice to the Issuer, having regard to, inter alia, the particular features of the Notes and the nature of the Issuer. Following the foregoing, the Independent Adviser will determine a substitute or successor rate (such rate, the “**Replacement Reference Rate**”), for purposes of determining the Reference Rate for all relevant future payments of interest on the Notes.

Additionally, (i) the Independent Adviser will also determine in good faith changes (if any) to the business day convention, the definition of business day, the interest determination date, the day count fraction, and any method for obtaining the Replacement Reference Rate, including any adjustment factor needed to make such Replacement Reference Rate comparable to the Original Reference Rate (including any Adjustment Spread, and quantum of, or a formula or methodology for determining such Adjustment Spread), in each case in a manner that is consistent with industry-accepted practices for such Replacement Reference Rate; (ii) references to the Original Reference Rate in these Conditions will be deemed to be references to the Replacement Reference Rate, including any alternative method for determining such rate as described in (i) above; and (iii) the Issuer shall give notice as soon as reasonably practicable to the Noteholders (in accordance with Condition 15) and the Paying Agent(s) specifying the Replacement Reference Rate, as well as the details described in (i) above.

- (b) The determination of the Replacement Reference Rate and the other matters referred to above by the Independent Adviser will (in the absence of manifest error) be final and binding on the Fiscal Agent, the Calculation Agent, the Paying Agents and the Noteholders, unless the Independent Adviser, acting in good faith, in a commercially reasonable manner, considers at a later date that the Replacement Reference Rate is no longer substantially comparable to the Original Reference Rate or does not constitute an industry accepted successor rate, in which case the Issuer shall re-appoint an Independent Adviser (which may or may not be the same entity as the original Independent Adviser) for the purpose of advising the Issuer on confirming the Replacement Reference Rate or determining a substitute Replacement Reference Rate in an identical manner as described in this Condition 5(d)(iii)(C).
- (c) For the avoidance of doubt, the Fiscal Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Agency Agreement and these Conditions as may be required in order to give effect to this Condition 5(d)(iii)(C). No Noteholder consent shall be required in connection with effecting the Replacement Reference Rate or such other changes pursuant to this Condition 5(d)(iii)(C), including for the execution of any documents or other steps by the Paying Agent(s) (if required).
- (d) Notwithstanding any other provision of this Condition 5(d)(iii)(C), if the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser is unable to determine a Replacement Reference Rate for any Interest Determination Date, no

Replacement Reference Rate or any other successor, replacement or alternative benchmark or screen rate will be adopted and the Reference Rate for the relevant Interest Period will be equal to the last Reference Rate available on the Screen Page as determined by the Calculation Agent.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(d)(iii)(C), *mutatis mutandis*, on one or more occasions until a Replacement Reference Rate or any other successor, replacement or alternative benchmark or screen rate (and, if applicable, any associated Adjustment Spread and/or any amendments) has been determined and notified in accordance with this Condition 5(d)(iii)(C) (and, until such determination and notification (if any), the fallbacks provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5(d)(iii)(B), will continue to apply according to their terms).

- (e) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the relevant Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the relevant Final Terms.
- (f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.
- (g) **Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding:**
 - (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be. Unless a higher Minimum Rate of Interest is provided in the relevant Final Terms, the Minimum Rate of Interest (which, for the avoidance of doubt, includes any applicable Margin) shall be deemed to be zero.
 - (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in the relevant Final Terms in respect of such

period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Make-Whole Redemption Amounts and Early Redemption Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent or the Make-Whole Calculation Agent, as the case may be, may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, the Calculation Agent or the Make-Whole Calculation Agent shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Make-Whole Redemption Amount or Early Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Make-Whole Redemption Amount or any Early Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Make-Whole Calculation Agent, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market or listed on any other stock exchange and the rules of such Regulated Market or stock exchange so require, such Regulated Market or stock exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(d)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (j) **Calculation Agent and Make-Whole Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents or one Make-Whole Calculation Agent if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 11). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent or one Make-Whole Calculation Agent is unable or unwilling to act as such or if the Calculation Agent or one Make-Whole Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Make-Whole Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) or one Make-Whole Calculation Agent to act as such in its place. The Calculation Agent or one Make-Whole Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(k) **Interest Deferral**

(i) Optional Interest Payment

If “Optional Interest Payment” is specified as applicable in the relevant Final Terms, interest which accrues during an Interest Period ending on but excluding an Interest Payment Date will be due on that Interest Payment Date unless the Issuer, by giving notice to the Noteholders in accordance with sub-paragraph (iv) below, elects to defer such payment in whole or in part, and the Issuer shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the Issuer under the Notes or for any other purpose.

Any interest in respect of the Notes which has not been paid in accordance with this paragraph will be deferred and shall constitute “**Arrears of Interest**” and shall be payable as outlined below.

(ii) Payment of Arrears of Interest

Arrears of Interest (together with any Additional Interest Amount (as defined below)) may at the option of the Issuer be paid in whole or in part at any time, provided that all Arrears of Interest (together with the corresponding Additional Interest Amounts) in respect of all Notes for the time being outstanding shall become due and payable in whole, but not in part, on whichever is the earliest of:

- (A) ten (10) Business Days following the occurrence of a Mandatory Payment Event;
- (B) the next scheduled Interest Payment Date in respect of which the Issuer does not elect to defer all or part of the interest accrued in respect of the relevant Interest Period;
- (C) the date on which the Notes are redeemed; or
- (D) the date upon which a judgment is made for the voluntary or judicial liquidation of the Issuer (*liquidation judiciaire* or *liquidation amiable*) as contemplated under Condition 9 or the sale of the whole of the business (*cession totale de l'entreprise*) of the Issuer or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency).

Each amount of Arrears of Interest shall bear interest, in accordance with Article 1343-2 of the French *Code civil*, as if it constituted the principal of the Notes at a rate which corresponds to the Rate of Interest from time to time applicable to the Notes (the “**Arrears Interest Rate**”) and the amount of such interest (the “**Additional Interest Amount**”) with respect to Arrears of Interest shall be due and payable pursuant to this paragraph (ii) and shall be calculated by the Calculation Agent applying the Arrears Interest Rate to the amount of the Arrears of Interest and otherwise *mutatis mutandis* as provided in the foregoing provisions of this Condition.

The Additional Interest Amount accrued up to any Interest Payment Date shall be added in accordance with Article 1343-2 of the French *Code civil*, for the purpose only of calculating the Additional Interest Amount accruing thereafter, to the amount of Arrears of Interest remaining unpaid on such Interest Payment Date so that it will itself become Arrears of Interest.

(iii) Optional Partial Payment of Arrears of Interest and Additional Interest Amounts

If amounts in respect of Arrears of Interest and Additional Interest Amounts are paid in part:

- (A) all unpaid amounts of Arrears of Interest shall be payable before any Additional Interest Amounts;

- (B) Arrears of Interest accrued for any period shall not be payable until full payment has been made of all Arrears of Interest that have accrued during any earlier period and the order of payment of Additional Interest Amounts shall follow that of the Arrears of Interest to which they relate; and
- (C) the amount of Arrears of Interest or Additional Interest Amounts payable in respect of any of the Notes in respect of any period, shall be *pro rata* to the total amount of all unpaid Arrears of Interest or, as the case may be, Additional Interest Amounts accrued on the Notes in respect of that period to the date of payment.

For the purpose hereof:

A “**Mandatory Payment Event**” means that:

- (A) a dividend, other distribution or payment of any nature was validly declared, paid or made in respect of any Equity Securities or any Parity Securities of the Issuer, or
- (B) the Issuer has repurchased, redeemed, or otherwise acquired any Equity Securities or any Parity Securities of the Issuer other than, with respect to Equity Securities, in connection with the satisfaction by the Issuer of its obligations under any buy-back programme, employee shareholding programmes (including any share purchase option plan), or free share allocation plan reserved for directors, officers and/or employees of the Issuer’s group, liquidity agreement (*programme de liquidité*) or any associated hedging transaction;

save for, in each case, any compulsory dividend, other distribution, payment, repurchase, redemption or other acquisition required by the terms of such securities; and in the case of Parity Securities, any repurchase or other acquisition that was made below par.

“**Parity Securities**” means, at any time, any Deeply Subordinated Notes and any securities which rank *pari passu* with the Notes. The term Parity Securities shall apply *mutatis mutandis* to any instruments issued by any Subsidiary of the Issuer, where relevant, provided that each such instrument shall qualify as Parity Securities only to the extent such instrument is guaranteed by the Issuer or the Issuer otherwise assumes liability for it, and the Issuer’s obligations under the relevant guarantee or other assumption of liability rank *pari passu* with the Issuer’s obligations under Parity Securities.

“**Subsidiary**” means any fully consolidated subsidiary (as defined in Article L.233-1 of the French *Code de commerce*) of the Issuer.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Notes may have a specified maturity date or no specified maturity date.

If “Dated Notes” is specified in the applicable Final Terms, unless previously redeemed or purchased and cancelled as specified below, each such Note will be redeemed by the Issuer at its Final Redemption Amount (which, unless otherwise provided in the applicable Final Terms, is its nominal amount) together with accrued interest (including Arrears of Interest and Additional Interest Amounts if any) specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date (the “**Dated Notes**”).

If “Undated Notes” is specified in the applicable Final Terms, the Notes are undated obligations of the Issuer and have no specified maturity date (the “**Undated Notes**”), but may be redeemed early at the option of the Issuer under certain circumstances set out below.

- (b) **Optional Redemption:** If an Optional Redemption is specified in the relevant Final Terms as applicable, the Issuer may, on giving not more than sixty (60) nor less than ten (10), calendar days’ irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole but not in part, on any Optional Redemption Date (as specified in the relevant Final Terms) or any date during any residual redemption period (the “**Residual Redemption Period**”) preceding such Optional Redemption Date, the first date of any such period (if any) being a “**Residual Redemption Date**”, each as specified in the relevant Final Terms. Any such redemption of Notes shall be at their optional redemption amount specified in the relevant Final Terms (the “**Optional Redemption Amount**”) together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any Arrears of Interest and any Additional Interest Amount), if any.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

- (c) **Make-Whole Redemption by the Issuer:** If so specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer may, subject to the satisfaction of any refinancing conditions to which the redemption is subject, compliance by the Issuer with all relevant laws, regulations and directives and on giving not more than sixty (60) nor less than ten (10), calendar days’ notice (which notice shall (i) specify the date fixed for redemption, (ii) specify the refinancing conditions to which the redemption is subject (if any) and (iii) be otherwise irrevocable) in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole but not in part, at any time other than during any Residual Redemption Period (if any) and on any Par Call Date (the “**Make-Whole Redemption Date**”) at a price per relevant Specified Denomination of the Notes equal (subject as provided below in the case of a partial redemption in respect of Dematerialised Notes) to their Make-Whole Redemption Amount.

The “**Make-Whole Redemption Amount**” means in respect of each relevant Specified Denomination of the Notes to be redeemed pursuant to this Condition 6(c) an amount calculated by the Make-Whole Calculation Agent equal to the greater of (x) 100 per cent. of the outstanding nominal amount per each relevant Specified Denomination of the Notes so redeemed and, (y) the sum (rounded to the nearest cent of the relevant Specified Currency (with half a cent being rounded upwards)) of the then present values of the remaining scheduled payments of principal and interest per each relevant Specified Denomination of such Notes until the Maturity Date or, if applicable, the Par Call Date immediately succeeding the Make-Whole Redemption Date (assuming for this purpose, that the Notes would otherwise be scheduled to be redeemed in whole on such Par Call Date) (not including any Arrears of Interest, Additional Interest Amount thereon and any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the

higher of (A) the Make-Whole Redemption Rate (as specified in the relevant Final Terms) and (B) zero per cent; plus a Make-Whole Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued and any Arrears of Interest (and Additional Interest thereon) but not paid on the Notes to, but excluding, the Make-Whole Redemption Date.

“Make-Whole Redemption Rate” means

- (i) if “Reference Dealer Quotation” is specified as the method of determination of the Make-Whole Redemption Rate in the relevant Final Terms, the average (rounded to the nearest whole multiple of 0.001%, with 0.0005% being rounded upwards) of such number quotations as are available by the Reference Dealers (or, if only one such quotation is available, such quotation) of the mid-market annual yield to maturity of the Reference Bond (as specified in the relevant Final Terms) (or, if the Reference Bond is no longer outstanding, the Similar Security) at 11.00 a.m. (Paris time) on the third (3rd) business day preceding the Make-Whole Redemption Date, all as determined by the Make-Whole Calculation Agent; or
- (ii) if “Reference Screen Rate” is specified as the method of determination of the Make-Whole Redemption Rate in the relevant Final Terms, the mid-market annual yield to maturity of the Reference Bond (rounded to the nearest whole multiple of 0.001%, with 0.0005% being rounded upwards) displayed on the relevant Reference Screen Page as determined by the Make-Whole Calculation Agent at 11.00 a.m. (Paris time) on the third (3rd) business day preceding the Make-Whole Redemption Date or, if the Reference Screen Page is not available, Reference Dealer Quotation shall apply.

“Par Call Date(s)” means any Optional Redemption Date(s) or, if any Residual Redemption Period(s) have been specified in the relevant Final Terms, the relevant Residual Redemption Date(s).

“Reference Dealers” means (unless otherwise specified in the Final Terms) each of the three banks selected by the Make-Whole Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

“Reference Screen Page” means the screen page specified as such in the relevant Final Terms.

“Similar Security” means (unless otherwise specified in the Final Terms) the then outstanding benchmark bond of the issuer (or any other relevant related entity) of the Reference Bond that (i) (to the extent there is any relevant market for new issues of corporate debt securities of comparable maturity to the Maturity Date or, if applicable, and assuming, for this purpose only, that the Notes mature on the Par Call Date immediately succeeding the Make-Whole Redemption Date, such Par Call Date) would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Maturity Date (or, if a Residual Maturity Call Option is specified in the relevant Final Terms, the Residual Maturity Call Option Date)), or (ii) (where (i) does not apply) has the maturity date falling nearest to the Maturity Date (or, if applicable, the Par Call Date immediately succeeding the Make-Whole Redemption Date)), all as determined by the Make-Whole Calculation Agent and notified (promptly following such determination) by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the

circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may only be effected by application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed).

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

(d) **Early Redemption:**

“**Early Redemption Amount**” means the amount payable in respect of any Note upon redemption of such Note, as specified in the relevant Final Terms.

(e) **Redemption for Taxation Reasons**

(i) If Redemption following a Gross-Up Event is specified as applicable in the relevant Final Terms, and by reason of any change in, or any change in the official application or interpretation of, French law becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay Additional Amounts as specified and defined under Condition 8 below (a “**Gross-Up Event**”), the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than sixty (60) nor less than ten (10) calendar days’ notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem, in whole but not in part, the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest and any Additional Interest Amount) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding or deduction for such taxes.

(ii) If Redemption following a Withholding Tax Event is specified as applicable in the relevant Final Terms, and the Issuer would on the next payment of principal or interest in respect of the Notes or Coupons be prevented by French law from making payment to the Noteholders or, if applicable, the Couponholders of the full amounts then due and payable (a “**Withholding Tax Event**”), notwithstanding the undertaking to pay Additional Amounts contained in Condition 8 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days’ prior notice to the Noteholders in accordance with Condition 15, redeem, in whole but not in part, the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest and any Additional Interest Amount) on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or, if applicable, Coupons, or, if that date is passed, as soon as practicable thereafter.

(iii) If Redemption following a Tax Deductibility Event is specified as applicable in the relevant Final Terms, and if an opinion of a recognised law firm of international standing has been delivered to

the Issuer and the Fiscal Agent, stating that by reason of a change in French law or regulation, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the tax regime of any payments under the Notes is modified and such modification results in the part of the interest payable by the Issuer in respect of the Notes that is tax-deductible for corporate income tax purposes being reduced (a “**Tax Deductibility Event**”), the Issuer may, at its option, at any time (subject to having given not more than sixty (60) nor less than ten (10) calendar days’ notice to Noteholders (which notice shall be irrevocable) in accordance with Condition 10), redeem all of the Notes (but not some only) at the Early Redemption Amount together with any accrued interest to the date set for redemption and any Arrears of Interest (including any Additional Interest Amount thereon), provided that the effective date of redemption of which notice hereunder may be given shall be no earlier than the latest practicable date preceding the effective date on which the tax regime of interest payments under the Notes is modified.

(f) **Redemption following an Accounting Event:**

If Redemption following an Accounting Event is specified in the applicable Final Terms and an Accounting Event shall occur after the Issue Date, the Issuer may, at its option, redeem all of the Notes (but not some only) at any time from the Accounting Event Adoption Date, subject to the Issuer having given the Noteholders not less than ten (10), or more than sixty (60), calendar days’ prior notice (which notice shall be irrevocable) in accordance with Condition 10, at the Early Redemption Amount together with any accrued interest to the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon).

“**Accounting Event**” means that an opinion of a recognised accountancy firm of international standing, acting upon instructions of the Issuer, has been delivered to the Issuer and the Fiscal Agent, stating that the funds raised through the issue of the Notes may not or will no longer from the implementation date of the relevant new International Financial Reporting Standards (“**IFRS**”) or any other accounting standards that may replace IFRS, be recorded as “equity” pursuant to IFRS for the purposes of the annual consolidated financial statements of the Issuer.

The period during which the Issuer may notify the redemption of the Notes as a result of the occurrence of an Accounting Event shall start on, and include, the earlier of such dates on which the change in the relevant new IFRS rules is officially announced by the IFRS-IASB board or equivalent body of IFRS-EU or officially adopted or put into practice (the “**Accounting Event Adoption Date**”). The Accounting Event shall be deemed to have occurred on the Accounting Event Adoption Date notwithstanding any later effective date. For the avoidance of doubt such period shall include any transitional period between the Accounting Event Adoption Date and the date on which it comes into effect.

(g) **Redemption following a Capital Event:**

If Redemption following a Capital Event is specified in the applicable Final Terms and if, immediately prior to the giving of the notice referred to below, a Capital Event has occurred and is continuing, then the Issuer may at its option redeem all of the Notes (but not some only) at any time, subject to having given the Noteholders not less than ten (10), or more than sixty (60), calendar days’ prior notice (which notice shall be irrevocable) in accordance with Condition 10, at the Early Redemption Amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the last day before the date on which the Notes will (or would) no longer be eligible for the same or higher category of equity credit.

For the purpose hereof:

A “**Capital Event**” shall be deemed to occur if the Issuer has, directly or via publication by such Rating Agency, received confirmation, and notified the Noteholders in accordance with Condition 10 (*Notices*) that it has so received confirmation from any Rating Agency that, due to any amendment to, clarification of, or change in hybrid capital methodology or a change in the interpretation thereof, in each case occurring or becoming effective after the Issue Date, the Notes will no longer be eligible (or if the Notes have been partially or fully re-financed since the Issue Date and are no longer eligible for equity credit in part or in full as a result, the Notes would no longer have been eligible as a result of such amendment, clarification, change in criteria or change in the interpretation had they not been re-financed), in whole or in part, for the same or a higher amount of "equity credit" (or such other nomenclature that the relevant Rating Agency may then use to describe the degree to which an instrument exhibits the characteristics of an ordinary share) attributed to the Notes at the Issue Date (or, if "equity credit" is not assigned to the Notes by the relevant Rating Agency on the Issue Date, at the date on which "equity credit" is assigned by such Rating Agency for the first time);

“**Rating Agency**” means any of the following: S&P Global Ratings Europe Limited, Moody’s France SAS, Fitch Ratings Ireland Limited, any other rating agency of equivalent international standing requested from time to time by the Issuer to grant a rating to the Issuer and/or the Notes and in each case, any of their respective successors to the rating business thereof.

- (h) **Clean-up Call Option:** If a Clean-up Call Option is specified in the relevant Final Terms as applicable, in the event that at least seventy-five (75) per cent. or any other percentage above as specified in the relevant Final Terms (the “**Clean-up Call Percentage**”) of the aggregate principal amount of the relevant Series of Notes has been purchased by the Issuer, the Issuer may, at its option, at any time, redeem all of the outstanding Notes (but not some only) at their Early Redemption Amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) subject to the Issuer having given the Noteholders not less than ten (10), or more than sixty (60), calendar days’ prior notice (which notice shall be irrevocable) in accordance with Condition 15.
- (i) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price subject to the applicable laws and regulations. Unless the possibility of holding and reselling is expressly excluded in the relevant Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations.
- (j) **Cancellation:** All Notes purchased by or on behalf of the Issuer for cancellation will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Euroclear France Account Holders for the benefit of the Noteholders or (in the case of Dematerialised Notes in fully registered form) to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Euroclear France Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank. No payments in respect of Materialised Bearer Notes shall be made by transfer to an account in, or mailed to an address in, the United States.
- “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the T2.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Registration Agent, the Redenomination Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Registration Agent, the Redenomination Agent and the Consolidation Agent act solely as agents of each Issuer and the Calculation Agent(s) and the Make-Whole Calculation Agent act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Registration Agent, the Redenomination Agent and the Consolidation Agent, the Calculation Agent(s) or the Make-Whole Calculation Agent and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) and a Make-Whole Calculation Agent where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) in the case of Dematerialised Notes in fully registered form a Registration Agent, (v) Paying Agents

having specified offices in at least two major European cities and (vi) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) **Unmatured Coupons and unexchanged Talons:**

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Make-Whole Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Materialised Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any such Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any arrears of interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in euro, which is a T2 Business Day.

8 Taxation

- (a) **Taxation:** All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional amounts:** If applicable law should require that payments of principal, interest or other assimilated revenues made by the Issuer in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges whatsoever levied by France, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts (“**Additional Amounts**”) as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Note or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or a Couponholder who is (i) entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption to the financial intermediary, the Issuer or the competent tax authority; or (ii) liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with France other than the mere holding of the Note or Coupon; or
- (ii) **Presentation more than thirty (30) calendar days after the Relevant Date:** (in the case of Materialised Notes) presented for payment more than thirty (30) calendar days after the Relevant Date except to the extent that the Noteholder or Couponholder would have been entitled to such Additional Amounts on presenting it for payment on the thirtieth (30th) such day.

As used in these Conditions, “**Relevant Date**” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of arrears of interest, references to “**becomes due**” shall be interpreted in accordance with the provisions of Condition 5(f)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of

Materialised Notes (if earlier) the date seven (7) days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amount, Make-Whole Redemption Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all arrears of interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any Additional Amounts that may be payable under this Condition.

9 Enforcement Events, no Events of Default and no Cross Default

There will be no events of default in respect of the Notes. There will be no cross default under the Notes.

However, each Note shall become immediately due and payable at its principal amount, together with accrued interest thereon, if any, to the date of payment and any Arrears of Interest (including any Additional Interest Amount thereon), in the event that a judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure, or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency).

In the event of liquidation of the Issuer, no payments will be made to holders of any class of the share capital of the Issuer before all amounts due, but unpaid, to all Noteholders have been paid by the Issuer.

10 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Meeting and Voting Provisions

In respect of meetings of, and voting by, the Noteholders the following shall apply:

(a) **Contractual representation of Noteholders - No Masse**

If the relevant Final Terms specify “No Masse”, the following meeting and voting provisions shall apply:

(i) **Interpretation**

In this Condition:

The Common Depository may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream may similarly be credited to the accounts of subscribers with Euroclear or Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Materialised Bearer Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

An amount equal to the net proceeds of the issue of the Notes will be used (i) for the Issuer's general corporate purposes or (ii) in the case of "Green Bonds", to finance or refinance, in whole or in part, existing or future Eligible Green Projects, as defined in the relevant Final Terms, such projects meeting eligibility criteria as set out in the Issuer's green financing framework (as may be amended and supplemented at the time of issuance of the relevant Notes) (the "**Green Financing Framework**") available on the Green bond section of the Issuer's website (<https://www.engie.com/en/finance/credit/green-finance>). If in respect of any particular issue of Notes, there is a particular identified use of proceeds (other than as specified above), this will be stated in the relevant Final Terms.

In relation to "Green Bonds", the Green Financing Framework is aligned with the four core components of the Green Bond Principles voluntary guidelines published by the International Capital Market Association or any more recent version such as specified in the relevant Final Terms (the "**GBP**"): (i) use of proceeds, (ii) process for project selection, (iii) management of proceeds and (iv) reporting. It may be further updated or expanded to reflect evolutions in market practices, regulation and in the Issuer's activities. The Green Financing Framework sets out categories of Eligible Green Projects which have been identified by the Issuer as promoting positive or reducing negative impact on the environment. The Issuer may also elect to create other categories of Eligible Green Projects in the Green Financing Framework in the future (each as defined in the Green Financing Framework) which meet a set of Technical Eligibility Criteria (as defined in the Green Financing Framework) (the "**Eligible Green Projects**").

The Issuer has appointed a third party to provide a second party opinion (the "**Second Party Opinion**") on the Green Financing Framework, assessing the green sustainability of the Green Financing Framework and its alignment with the GBP. This Second Party Opinion document is available, and any further second party opinions which may be rendered in respect of the issue of Notes within the Green Financing Framework will be available, on the Issuer's website (<https://www.engie.com/en/finance/credit/green-finance>).

The Green Financing Framework contains a list of Eligible Project Categories of eligible activities together with a mapping to the relevant economic activity within the meaning of the Taxonomy Regulation.

The Issuer does not undertake to align its Green Bonds and/or the proceeds from the issuance of its Green Bonds of which an equivalent amount will be allocated to the financing and/or refinancing, in whole or in part, of Eligible Green Projects, with the technical screening criteria of the Taxonomy Regulation at the time of publication of the Green Financing Framework.

Until an amount equal to the proceeds are allocated in full to Eligible Green Projects and later in the case of any material change in the list of Eligible Green Projects, one of the external auditors of the Issuer, is expected to issue a report on (i) the compliance of projects financed by Green Bonds with Technical Eligibility Criteria defined in the Green Financing Framework, (ii) allocated amount related to the Eligible Green Projects financed by the Green Bonds proceeds; and (iii) the management of proceeds and unallocated proceeds amount.

For the avoidance of doubt, the Green Financing Framework, the Second Party Opinion and any information on Eligible Green Projects on the Issuer's website are not incorporated by reference into, and do not form part of, this Base Prospectus.

Catherine MacGregor, CEO, said: "ENGIE has made an excellent start to 2024 with EBIT excluding nuclear of €3.7bn, almost at the previous year's level despite the market context of lower prices and volatility. This robust performance reflects, once again, the strength of our integrated model as well as our capacity to adapt to a rapidly-moving market environment. Over the first quarter, we continued to roll out our strategic plan with 7 GW of renewables capacity under construction, putting us well on track towards maintaining our pace of 4 GW of annual additional capacity up to 2025. We have reinforced our European footprint in biomethane, and we have started commercial operation of the largest battery storage unit in Latin America. We confidently reiterate our guidance for

¹ Cash Flow From Operations = Free Cash Flow before maintenance capex and nuclear phase-out expenses.

² Net Recurring Income, group share.

³ Net of sell-downs, US tax equity proceeds, and including net debt acquired.

the full year 2024. The energy transition is well and truly underway, and ENGIE is determined to contribute to it every day, convinced that it can be affordable and desirable.”

2024 guidance confirmed

Our 2024 guidance is maintained in a context of normalising volatility and energy prices. Net Recurring Income group share is expected in a range of €4.2 to €4.8bn, with EBIT excluding nuclear in an indicative range of €7.5 to €8.5bn.

ENGIE is committed to a “strong investment grade” credit rating and a ratio below or equal to 4.0x economic net debt to EBITDA over the long-term. The group reaffirms its dividend policy, with a 65% to 75% payout ratio based on NRIGs, and a floor of €0.65 per share for the 2024 to 2026 period.

Detailed guidance key assumptions can be found in appendix 3.

Progress on the execution of our strategic plan

Renewables

ENGIE added 0.7 GW of renewable capacity in Q1 2024 bringing the group’s total installed capacity to 42.1 GW. As at 31 March 2024, we reported 7.0 GW of capacity under construction from 68 projects. The group remains well on track to add on average 4 GW of renewable capacity annually up to 2025. ENGIE also signed more than 300 MW of long-term PPAs (Power Purchase Agreements) in the first quarter, of which 200 MW with at least 5 years’ duration.

In March, the Group completed the acquisition of five new PV solar units in the north-east (Bahia and Ceará) and the south-east (Minas Gerais) of Brazil, with total operational capacity of 545 MWac.

Energy Solutions

Energy Solutions has achieved major wins in District Heating and Cooling (DHC) as well as being awarded decarbonisation contracts in its onsite energy production segment. In Q1 2024, the Ville de Paris heating network concession, held by Compagnie Parisienne de Chauffage Urbain (CPCU), a subsidiary of ENGIE, was extended by two years from the end of 2024 to the end of 2026.

Networks, Renewable gas

Since the start of 2024, ENGIE has made further steps in expanding its biomethane production capacity in Europe with the acquisition of Rainbarrow Farm in Dorset, UK. The Group also purchased two units in the Netherlands, its first biomethane production facilities in the country. As a result, ENGIE passed the 1 TWh threshold of annual biomethane production capacity in Europe.

ENGIE, through its subsidiary GRTgaz, announced the FID (Final Investment Decision) for the mosaHYc project, a partnership with CREOS Deutschland which will comprise a renewable hydrogen or low-carbon pipeline of 90km, linking the Grand Est region of France, with the Sarr region of Germany and the Luxembourg frontier.

Battery Energy Storage Systems (BESS)

In Chile, ENGIE started commercial operation of the largest battery energy storage system in Latin America. Located at the site of its Coya solar farm in the Antofagasta region, this battery has installed capacity of 139 MW with storage capacity of 638 MWh. It will be capable of storing the equivalent of almost five hours of electricity which can be injected into the Chilean grid at peak hours.

Disciplined capital allocation

In Q1 2024, gross capex amounted to €2.6bn. Growth capex came to €2.2bn of which 87% in Renewables, Energy Solutions and Flex Gen, in line with our strategic roadmap.

Performance plan

We continued our efforts towards operational excellence, with a €50m contribution from the performance plan in Q1 2024.

Update on Belgian nuclear assets and liabilities

On 18 April 2024, the Belgian parliament voted a law adopting the final agreement⁴ that had been signed by ENGIE and the Belgian government in December 2023, relating to the 10 year extension of the Tihange 3 and Doel 4 nuclear reactors as well as to all liabilities concerning nuclear waste.

Q1 2024 financial review

Revenue at €22.0bn was down 24.6% on a gross basis and 24.9% on an organic basis.

EBITDA at €5.4bn was slightly down, -0.1% on a gross basis and -0.7% on an organic basis.

EBITDA (ex. Nuclear) at €4.8bn, was down -1,2% on a gross basis and -1,9% on an organic basis.

EBIT (ex. Nuclear) at €3.7bn, was down -3.2% on a gross basis and -3.7% on an organic basis

- Foreign exchange : a positive net effect of €14m mainly driven by the appreciation the Brazilian real and UK Sterling partly offset by the depreciation of the US and Australian dollars.
- Scope : a positive net effect of €4m, due mainly to full consolidation of Kathu (South Africa) partly offset by the disposals in Brazil of part of a stake in TAG and Pampa Sul power plant.
- French temperatures : compared to the average, the temperature effect was a negative €136m, generating a negative year-on-year variation of €59m compared with Q1 2023 across Networks, Retail and GEMS.

EBIT contribution by activity: underpinned by growth in Renewables and Flex Gen

In €m	31 March 2024	31 March 2023	Δ 2024/23 gross	Δ 2024/23 organic	o/w normative temp effect (France) vs. Q1 2023

Nuclear	461	389	+ 18.7 %	+ 18.7 %	
EBIT	4,166	4,216	- 1,2 %	-1,6 %	- 59

Renewables: growth driven by favourable hydro conditions in Europe and new capacity commissioned, partially offset by lower prices

Renewables reported 4.3% organic EBIT growth, driven by very good hydro conditions in France and Portugal in Q1 2024, and by the contribution of new capacities added in the US, Latin America and Europe. Partially countering these positives were lower prices in Europe and the impact of the CNR hydro tax in France.

⁴ Subject to the approval by the European Commission under state aid rules.

Networks: lower distributed volumes in France and France-Germany gas transit revenues, partially offset by higher tariffs in Romania

Networks EBIT was down 14.3% on an organic basis due mainly to lower revenues from capacity subscribed for gas transit between France and Germany (down from especially high levels in 2023), and from lower distributed volumes in France due to mild weather and weaker gas demand. These negatives were to some degree offset by higher tariffs in Romania from the start of April 2023.

Energy Solutions: improvement due to investments and operational performance

Energy Solutions EBIT was up by 5.3% on an organic basis, with margin up by 1.6% year on year. Local energy networks achieved higher EBIT despite milder 2024 temperatures, underpinned by stronger operational performance and positive comparison effect related to the strikes in France in 2023. Energy performance management benefited from the optimisation of its contracts and greater selectivity. In onsite energy production, the impact from newly-commissioned assets was more than offset by lower DBSO margins from de-centralised solar in the US.

Flex Gen: higher captured spreads, favourable market conditions in Chile, and positive one-off more than enough to offset impact of inframarginal tax and lower ancillaries in Europe

Flex Gen EBIT was up 21.3% on an organic basis. This rise was driven mainly by higher captured spreads in Europe due to the group's hedging strategy; by higher margins in Chile with reduced short positions and lower sourcing prices due to very good hydro conditions; by some positive intra-year timing effects ; and by the resolution of a claim on contractual terms of electricity sales from a former asset in Italy. EBIT variation also benefited from a favourable comparison impact as it was impacted by a negative exceptional in Q1 2023 linked to the downgrade of Pakistan's credit rating. These positive effects offset the impact of the inframarginal tax in France, the closure of the Rodenhuize biomass plant since the end of March 2023, and lower earnings from ancillary services.

Retail: lower volumes on mild weather and energy sobriety, but improved market conditions in Belgium

Retail EBIT amounted to €73m in Q1 2024, lower than the €89m recorded the previous year. The decline in EBIT was mainly the result of lower volumes due to mild temperatures and continued sobriety from energy customers ; in addition, there was less optimisation of our supply hedges portfolio. More favourable market conditions in Belgium offset these negatives to some degree.

Others: good performance from GEMS despite a normalizing of market environment

GEMS EBIT amounted to €1,458m in Q1 2024, a 9.2% organic decline versus a particularly strong Q1 2023.

In Q1 2024, EBIT was boosted by several non-recurring and timing elements:

- Reversals of market reserves, in line with the accelerated normalisation of market conditions ;
- Positive timing effects which should reverse in the second half of this year.

Aside from these elements, GEMS EBIT amounted to around €0.5bn in the first quarter underpinned by good activity at the Client Risk Management & Supply and by the contribution from contracts signed and locked in the past when conditions were favourable, which materialize only at delivery date. This represents a decline on Q1 2023 reflecting the normalisation of market conditions and the lower resulting volatility.

The Group continue to expect underlying EBIT (ie, excluding the impact of reversal of market reserves) of close to €2bn for GEMS in 2024.

Due to losses at EV Box, as well as the lack of success thus far from our measures to identify a potential buyer for this company, the Group is actively examining all options that could lead to disengage, in accordance with local regulations.

Nuclear: decline in inframarginal tax offsets lower volumes and captured prices

Nuclear EBIT rose by 18.7% on an organic basis. The non-recurrence of the inframarginal tax in Belgium (its implementation was ended in June 2023) was partially offset by lower availability due to planned outages at certain reactors, by lower captured prices, and by the closure of the Tihange 2 reactor in February 2023.

Strong balance sheet maintained

Cash Flow From Operations amounted to €5.1bn, up €1.4bn compared to Q1 2023. This increase was mainly supported by an improvement in change in Working Capital Requirements (€+1.4bn) in the context of a lower market prices environment.

Working Capital Requirements were positive at €0.2bn, with a positive year-on-year variation of €1.4bn mainly driven by net receivables (+€2.7bn), changes in GEMS market reserves and other adjustments⁵, which are neutral on Group CFFO (+€0.7bn) and unbilled energy volumes (+€0.6bn) offsetting the effects of margin calls (-€1.8bn), the negative timing effect on tariff shields (-€0.5bn) and negative nuclear impacts (-€0.3bn).

Liquidity stood at €27,0bn as at 31 March 2024, including €19,3bn of cash⁶.

Net financial debt stood at €27.6bn, down €1.9bn compared to 31 December 2023.

This decrease was mainly driven by Cash Flow From Operations of €5.1bn but was partially offset by:

- capital expenditure over the period of €2.6bn,
- Belgian nuclear funding and expenses of €0.6bn,
- dividends paid to non-controlling interests of €0.1bn,
- other elements of -€0.1bn.

Economic net debt stood at €43.9bn, down €2.6bn from 31 December 2023, proportionately in line with the decline in financial net debt.

Economic net debt to EBITDA ratio stood at 2.9x, which is 0.2x lower than 31 December 2023 and in line with the target ratio below or equal to 4.0x.

APPENDIX 1: CONTRIBUTIVE REVENUE BY ACTIVITY

Revenue, at €22.0bn was down 24.6% on a gross basis and 24.9% on an organic basis

Contributive revenue, after elimination of intercompany operations, by activity:

Revenue <i>In €m</i>	31 March 2024	31 March 2023	Gross variation	Organic variation
Renewables	1,523	1,558	-2.2 %	-8.3 %

ENGIE ex. Nuclear	21,994	29,144	-24.5 %	-24.9 %
Nuclar	22	37	- 40.2%	- 40.2%
ENGIE	22,016	29,180	-24.6 %	-24.9%

Renewables sales amounted to 1,523 million euros, i.e., -2.2 % on a gross basis and -8.3 % on an organic basis. This gross decline mainly includes positive scope effects in South Africa and India. In organic terms, the decline in sales is mainly attributable to lower hydroelectricity prices in France, despite higher volumes.

Networks sales totaled 2,039 million euros, down 3.9 % gross and 4.7 % organic. The gross decline includes favorable currency effects in Latin America. Sales from French Infrastructures division fell as a result of the strong decrease of transit from France to Germany, and lower distribution volumes due to milder weather and lower gas consumption. These effects were partially offset by the tariff increase in Romania.

Energy Solutions sales totaled 2,832 million euros, down 16.3 % on a gross basis and 16.6 % on an organic basis. This decline was mainly due to the negative impact of commodity prices in Europe and milder weather in France.

Flex Gen sales totaled 1,156 million euros, down 23.5 % gross and 22.3 % organic. The organic decline was mainly due to lower prices in Europe, mainly in the UK, and in Latin America thanks to the indexation of power purchase contracts in Chile and Peru.

Retail sales totaled 5,397 million euros, down 26.6 % on a gross basis and 26.3 % on an organic basis, mainly due to lower commodity prices, and a negative volume effect due mainly to milder temperatures in Europe.

Sales from "**Other**" activities totaled 9,047 million euros, down 31.5 % gross and 31.7 % organic, mainly due to GEMS. The year-on-year decline is essentially due to the acceleration of normalization of market conditions.

Nuclear sales were insignificant after elimination of intra-Group transactions, as production was sold internally to other Group activities.
